

Start Impeachment of Governor Walton in Oklahoma

"HAS BEEN" STENGEL'S HOMER WINS THIRD

MACHINERY IS SET IN MOTION AGAINST GOVERNOR WALTON

LOWER HOUSE SPEAKER NAMES COMMITTEE OF INQUIRY.

BASIS IS SOUGHT

Investigation Will Decide Charges in Conflict with Executive.

[BY ASSOCIATED PRESS.]
Oklahoma City.—Impeachment machinery of the Oklahoma house of representatives was set in motion today with the announcement of W. D. McBee, speaker, of a committee of 21 house members, to conduct investigations on which impeachment charges would be based.

From the size of the committee, it was believed that investigations of several state departments might be undertaken simultaneously.

It was indicated yesterday the committee would be composed of nine members. It is to be divided into several sub-committees.

Six Dead of Poison in Liquor

[BY ASSOCIATED PRESS.]
Pana, Ill.—Six men are dead and three others are in a serious condition today, after having drunk a quantity of poisonous liquor described as "the coldest of whiskey" in a soft drink parlor here.

Mrs. L. L. Danford, coroner, is expected to start an investigation today.

The verdict of the coroner's jury in the death of Edward Gaughan who died first, was: "We, the jury, do find that Edward Gaughan, died from fumes of alcohol, which was a poisonous substance taken into the system in some concoction sold as white mule, shown in the evidence of Charles Gaughan to have been obtained and purchased in the place of John Tokoly and Maton's place, across the street from John Tokoly's."

MANAGER IS INTERESTED IN SWEEPERS

Planning to investigate the advisability of purchasing a motorized street sweeper for use in Janesville, City Manager Henry Grogan will visit the plants of the Elgin Sweeper company in Elgin, Ill., and the Austin-Western company, Aurora, Ill., next Wednesday. The manager believes all of Janesville's paved streets could be thoroughly cleaned with a motor sweeper in one and one-half to two days.

The city manager attended demonstrations of a tractor-grader in the first ward Thursday and Friday morning and was most favorably impressed with its performance. There is a possibility that two of the out-fits will be bought for use of the street department, although there has been no definite action taken yet.

The tractor-grader with rubber tire wheels for about \$1,200, and with caterpillar tread, costs in the neighborhood of \$1,500.

SYSTEM

is an element in business that is absolutely essential to success. No household can be conducted skillfully and to the satisfaction of all concerned without a certain amount of systematic management. Anything introduced into the family life that saves time and money is an important factor.

Mrs. A. believes in system in the home. The home which has to be run on a business basis to be successful. There was some stock to be sold so Mrs. A. wisely consulted the ad in the Janesville Gazette. Together they worked out the following ad:

FOR SALE—36 large Shropshire ewes, high grade, \$10 each. Buck \$15. W. A. Phone 9080.

INVESTIGATION CLOSES IN A FOG OF THEORY

With the six members of the coroner's jury unable to arrive at a decision as to the responsibility for the collapse of the Saxe Brothers theater, and the legal authorities deadlocked as to who shall pay for the steel tests and graphic engineering calculations—the outcome of the inquest called to investigate the death of Claude Cochran, killed in the crash of the partly completed building, is in extreme doubt.

The testimony was closed Thursday afternoon and an adjournment taken until next Tuesday morning, when there will be a conference on what action is to be taken to complete the investigation.

As it now stands, no one has been pointed out as responsible for the roof of the Saxe theater falling in, killing Cochran and injuring others. No conclusion has been drawn by the authorities, except that they knew Cochran was killed and that had the collapse occurred six weeks later, on the opening of the theater to the public, one of the county's great and horrible catastrophes would probably have occurred.

Who'll pay the bill? Through City Attorney Roger Cunningham, the city of Janesville offered the services of City Engineer C. V. Saxe and City Manager Henry Grogan, himself an engineer of note, to figure the mathematical problems.

The city of Janesville offers to do this work without cost and in return any inference that the city is not doing its part in furthering this investigation (Continued on page 10)

Trail Murderers of Railroad Men Among Mountains

[BY ASSOCIATED PRESS.]
Redding, Cal.—The wooded peaks of the Siskiyou, on the border between Oregon and California, are believed to shelter today a little group of men who yesterday afternoon held up Southern Pacific train number 13, slew three trainmen and the mail clerk and caused injuries to about a score of passengers through an explosion whereby they forced their way into the mail car. They got no loot. Passes from Oregon and California counties are seeking them. Among the possemen are Oregon National guardsmen.

From all available indications, the trainmen were shot down in cold blood, because they recognized the robbers, who officials believe are familiar with the operation of trains and with the country around Tunnel (Continued on page 12)

Exploding Munitions Kill Dozen

[BY ASSOCIATED PRESS.]
Moscow.—At least twelve persons were killed and several scores injured by a terrific explosion today in a hunting goods store on the Neglinna Prospekt, one of the principal streets of Moscow.

Two buildings were shattered by the shock and debris and exploding cartridges and cartridge belts were hurled among passers by. The explosion occurred in a crowded apartment house.

THREE SHOT TRYING TO FLEE PRISON

[BY ASSOCIATED PRESS.]
Leavenworth, Kan.—Four prisoners, two of them considered dangerous characters, were shot and clubbed to submission when they attempted to escape from the state quarry at Leavenworth, Kan., yesterday.

Samuel Tribe of Woodland, Pa., was shot in the leg; Thomas Scullion, convicted overpass by court-martial of killing four men and who at one time was sentenced to be shot, was beaten severely by guards as he tried to escape.

CAR STOLEN AND FOUND

[SPECIAL TO THE GAZETTE.]
Mopore.—William McGuire, farm hand on the farm of Pat Sullivan, lost his 1922 Buick roadster, Wednesday, at the same coming and field day at Argyle. Surrounding towns were immediately notified and the Darlington police reported the recovery of the car about 8:30 the same night.

JEWELERS IN TAX PROTEST

Jewelers of Janesville, Elkhorn and Beloit met with the president and secretary of the Wisconsin Retail Jewelers association in a banquet at the Myers hotel here Thursday night. Protest was entered against the county's new tax of five per cent on all jewelry and silverware.

GOES UNDER KNIFE
Mrs. E. J. Murphy, wife of O. P. Murphy, Fulton, was operated on at Mercy hospital Friday for a tumor.

HOW TO SAVE.
That is a thought that is uppermost in the minds of most housewives. The way to save is to learn where to buy to the best advantage. You can glean this information from the Food Stuff advertisements on pages 4 and 5 of today's Gazette. Read them now.

OLLIE MEYER IS GIVEN 18 MONTHS

Sentenced to Penitentiary and Is Then Paroled Out to State Board.

Ollie Meyer, 721 West Eastern avenue, was sentenced to 18 months in the state penitentiary at Waupun by Judge H. L. Maxwell in municipal court here Thursday afternoon, when he pleaded guilty to four charges—previous conviction, liquor possession, white transportation, and "driving while intoxicated." A few minutes after pronouncement of sentence, and while Meyer was still stunned by the unexpectedness of it, the court allowed him to sign an application for suspension of sentence and granted it, placing him under the state board of control.

At any time Meyer is found to be violating any of the conditions of parole, he will be compelled to serve his Waupun term of a year and one-half. Meyer, who has been in court five times the past few years on intoxication charges, was arrested this week following a collision on State street in which his car rammed that driven by Dr. L. W. Cleland, local veterinarian. He was given an examination Thursday and after being held for trial, he decided to plead guilty. These testifying against him in the hearing were Sgt. Charles E. Handy, Patrolman Patrick, Stein and District Attorney S. G. Dunwiddie.

The Ollie Meyer liquor trial, scheduled for Friday in municipal court, was adjourned one week. A 12-man jury will be drawn next Thursday for duty the following day. F. J. E. Wood is Roscoe's attorney.

At Local Theaters

MOION PICTURES
"The Love Brand" Roy Stewart and Margaret Lane.
"The Ten Dollar Raise" Marguerite De La Motte, Pat O'Malley.
"Wolves of the Rail" William S. Hart.

OTHER ATTRACTIONS
Vaudeville.

Demonstrators Attack Shops Where Prices Are Held Exorbitant.

[BY ASSOCIATED PRESS.]
Berlin.—With the outcome of tomorrow's vote on his authorization bill for dictatorial economic authority still in doubt, Chancellor Stresemann last night determined to outline the Reichstag from consideration for the present.

Equipped with the extraordinary mandate conferred on him by President Ebert, the ground of the president's constitutional prerogative, the chancellor immediately proclaimed the first of his dictatorial reform measures. This comprises an ordinance concerning the method of the gold standard for all taxes, in place of the existing method of levying assessments on the paper mark basis, and collecting them months afterward in further depreciated currency.

Salvage Is Aim
With its revenues from taxation established on a gold basis, Chancellor Stresemann said.

WEEKS PUTS FORD CHARGES BEFORE CABINET SESSION

[BY ASSOCIATED PRESS.]
Washington.—Secretary Weeks carried before the cabinet today a statement issued in Detroit Thursday night by Henry Ford, assailing the war secretary for his action in the sale of the Gorgas steam power plant.

Officially, the statement, which indicated he resented the statement and considered it sufficiently grave to take it directly with the president.

Mr. Coolidge is known to be thoroughly in accord with the statement taken by the war department in selling the Gorgas plant to the Alabama Power company for \$3,472,487. The position of the president, Mr. Weeks said, was given every opportunity to buy and lease the Muscle Shoals property and that his offer, still before congress, has not been affected by the sale of the Gorgas plant.

OFFER STANDS AS MADE.

DETROIT.—Henry Ford's offer for Muscle Shoals still stands as made, as he sees no reason why another offer should be made since the sale of the Gorgas power plant to the Alabama Power company, recently. This was made plain in a statement issued by Mr. Ford Thursday night, his first public statement on the subject since the sale of the Gorgas plant.

The Ford Motor company never has needed the Muscle Shoals statement said. "The only thing I could do at Muscle Shoals, which I am not able to do elsewhere, would be to make fertilizer for the farmer. And that is the sole reason why Secretary of War John W. Weeks and scores of corporation lawyers have exercised their cunning to prevent me."

[BY ASSOCIATED PRESS.]

Yankee Stadium.—Old Casey Stengel bloomed forth a hero again today with a home run smash off "Sad Sam" Jones. He scored the only run of the contest and the Giants walked off the field victors, one to nothing, in the third world series game. Both Neff and Jones pitched air-tight ball. A record crowd saw the contest. Analysis of the official box score tells why Jones is sadder tonight than ever.

Batteries: Neff and Snyder for the Giants; Jones and Schang for the Yankees.

FIRST INNING

GIANTS—Bancroft up. Foul, strike one, foul, strike two, foul one, ball two. Foul. Bancroft flied out to Meusel. Groh up. Ball one. Scott flied out to Neff. Kelly up. Ball one, strike one, strike two. Foul, strike two. Frisch flied out to Witt. Young up. Strike one, ball one. Young lined out to Witt, who came in fast to make the catch.—No Runs, No Hits, No Errors.

YANKS—Witt up. Frisch tossed out Witt at first. Dugan up. Ball one, strike one, strike two, ball two. Bancroft threw out Dugan. Ruth up. The crowd cheered. Ball one, ball two, strike one, strike two. Foul, ball two, ball three. Babe Ruth walks. Meusel hit into a double play, Bancroft to Frisch to Kelly. Ruth going to third. Pipp up. Frisch flied out to his brother. The ball almost went into the left field stands.—No Runs, One Hit, No Errors.

SECOND INNING

GIANTS—Meusel up. Ball one, strike one, strike two. Meusel flied out to his brother, Bob. Stengel up. Ball one, foul, strike one. Witt took Stengel's fly. Kelly up. Ball one, strike one, strike two. Foul, ball two. Kelly sent up a high one to Scott.—No Runs, No Hits, No Errors.

YANKS—Pipp up. Ball one, ball two, ball three, strike one, strike two. Pipp flied out to Neff. Ward up. Strike one, strike two, strike three. Foul, ball two, ball three. Ward popped to Snyder. Schlang up. Ball one, strike one, ball two, foul, strike two, ball three. Schang flied to Bancroft.—No Runs, No Hits, No Errors.

THIRD INNING

GIANTS—Snyder up. Strike one, ball one, ball two, strike two. Scott tossed out Snyder. Neff up. Ball one, strike one, foul, strike two. Neff fanned. Bancroft up. Ball one, ball two, Ward threw out Bancroft.—No Runs, No Hits, No Errors.

YANKS—Snyder up. Ball one. Bancroft made a nice stop of Scott's grounder and took him at first. Jones up. Ball one, ball two, strike one, foul, strike two. Jones struck out. Witt up. Strike one, strike two. Witt struck out.—No Runs, No Hits, No Errors.

FOURTH INNING

Groh up. Ball one, strike one, ball two. Scott threw out Groh. Frisch up. Ball one. Frisch beat out a hit for the first hit for the Giants. Young up. Strike one, ball one. Young flied out to Ruth. Meusel up. Ball one, strike one, ball two, foul, strike two. Meusel flied out to Ruth, who caught the ball near the fence.—No Runs, One Hit, No Errors.

YANKS—Dugan sent a long hit to right for extra bases. Ruth up. Ball one, ball two, ball three. Babe Ruth walks. Meusel hit into a double play, Bancroft to Frisch to Kelly. Ruth going to third. Pipp up. Frisch threw out Pipp.—No Runs, One Hit, No Errors.

FIFTH INNING

GIANTS—Stengel up. Ball one, ball two, ball three, strike one. Stengel walked. Kelly up. Kelly hit into a double play, Jones to Scott to Pipp. Snyder up. Foul, strike one. Scott threw out Snyder.—No Runs, No Hits, No Errors.

YANKS—Both pitchers were going great guns. Ward up. Ball one, strike one, strike two, ball two, ball three. Ward ripped a single into left. Schlang up. Foul, strike one, ball one. Schang forced Ward. Groh to Frisch. Scott up. Scott scratched an infield hit. Jones up. Strike one. Jones hit into a double play, Frisch to Bancroft to Kelly.—No Runs, Two Hits, No Errors.

SIXTH INNING

GIANTS—Neff up. Neff grounded out to Pipp, unassisted. Bancroft up. Strike one, ball one, ball two, ball three. Bancroft got a base on balls. Groh up. Foul, strike one, ball one, strike two, strike three. Groh flied out to Dugan. Frisch up. Foul, strike one, foul, strike two. Foul, Frisch singled into right, Bancroft going to second. Young up. Ball one, ball two, ball three, strike one. Ward threw out Young, making a nice play of it.—No Runs, One Hit, No Errors.

YANKS—Witt up. Groh threw out Witt. Dugan up. Strike one, ball one, ball two, strike two, foul, strike two, ball three. Ruth struck out.—No Runs, No Hits, No Errors.

SEVENTH INNING

GIANTS—Meusel up. Foul, strike one. Meusel flied out to his brother, Stengel up. Strike one, ball one, ball two. Stengel scored on a home run into the right field stand, it was his second home run of the series. Kelly up. Ball one, foul, strike one, ball two, foul, strike two. Kelly flied out to Snyder up. Ward tossed out Snyder.—One Run, One Hit, No Errors.

YANKS—Meusel up. Ball one, ball two, strike one. Meusel flied out to Young. Pipp up. Ball one, ball two, foul, strike one, strike two, ball three. Foul. Pipp got a base on balls. Ward up. Ward forced Pipp. Neff to Bancroft to Frisch. Pipp slid into the bag and turned his injured ankle. He rolled over on the ground, and the third doctor was called to attend him. The game being halted. Pipp was lifted to his feet and walked to the bench limping badly. The doctor had swathed his injured ankle in bandages. Play was resumed. Schang up. Schang singled into left, Ward going to second. Scott up. Foul, strike one, ball one. Groh took Scott's grounder and touched third.—No Runs, One Hit, No Errors.

EIGHTH INNING

GIANTS—Ruth went to first base in place of Pipp. Haines went into right field. Neff up. Ball one, ball two. Neff singled into left. Bancroft up. Foul, strike one, ball one, foul, strike two, ball two. Bancroft struck out. Groh up. Strike one, strike two, ball one, foul. Groh fanned. Frisch up. Jones tossed out Frisch.—No Runs, One Hit, No Errors.

YANKS—Hoffman batted for Jones. Hoffman up. Ball one. Hoffman popped up to Frisch. Witt up. Ball one. Witt got a single through the box. Groh up. Strike one, ball one. Dugan forced Witt. Groh to Frisch. Ruth up. Ball one, ball two, ball three. Foul, strike one. Foul, strike two. Foul, strike three. Foul, strike four. Foul, strike five. Foul, strike six. Foul, strike seven. Foul, strike eight. Foul, strike nine. Foul, strike ten. Foul, strike eleven. Foul, strike twelve. Foul, strike thirteen. Foul, strike fourteen. Foul, strike fifteen. Foul, strike sixteen. WISCONSIN CHEESE WINS HIGH HONORS

Green County Experts Come Back from Syracuse with Medals.

Monroe — Jacob Regoz of the Badger Cheese company won high score of 98 and a prize with his brick cheese, which was entered in the National Dairy show at Syracuse, N. Y., it was officially announced. The highest score on the National Dairy show at Syracuse, N. Y., was 98, won by Jacob Regoz of the Badger Cheese company. The Green Valley factory, took third place and that of Mr. Regoz, second place. Mr. Regoz will receive a gold and silver medal and Mr. Martin, a bronze medal.

The highest score, 97, on Swiss cheese, went to Jost Heesli, Rockford, and Robert Hermann, Dallas, took a score of 94 on his Swiss.

Wisconsin won all first places for cheese with the exception of the Limburger, top score in that class going to New York. The highest score on the National Dairy show at Syracuse, N. Y., was 98, won by Jacob Regoz of the Badger Cheese company. The Green Valley factory, took third place and that of Mr. Regoz, second place. Mr. Regoz will receive a gold and silver medal and Mr. Martin, a bronze medal.

TALKING HONEY

(No. 4)

Before honey production became the extensive industry that it is today, the beekeeper kept his bees all in one place, often in the garden or the back yard. The extracting and other work of preparing the honey for market was done in a shed or in the family kitchen.

As the industry grew, and especially since the automobile makes travel swift and easy, an extensive beekeeper may have his bees in "out-yards" or farms, each containing many hives many miles apart. It then becomes a problem to harvest the honey. The common way is to have a portable extracting outfit and travel from yard to yard, extracting the honey in the bee-yard, sometimes in a tent or shed.

While many beekeepers still extract their honey that way, many also have a central extracting plant at some convenient location, in a tight building. Usually it is equipped with electric power, a steam boiler and running water, with sewer to carry off the waste. The honey is loaded on trucks at the out-yards, carefully covered with a tarpaulin to keep out dust and dirt on the way, and hauled to the central plant. Here the unloading is done inside the building, and the honeycombs put through the extractor. The liquid honey is now run into big receiving tanks, being strained through two thicknesses of cheese-cloth or wire strainers on its way. It is then ready to be drawn off into cans and pails, and packed for market. At the close of the day's run the extractors and floors are thoroughly washed down with steam, or hot water, so that everything about the place may be kept sweet and clean. Such methods produce a high grade of honey, well worth the extra trouble involved.

NEW MOON—THE coffee. —Advertisement.

GARBAGE CANS GET LOTS OF SILVERWARE

Los Angeles — A fortune is lost every year in the knives, forks and spoons which accidentally go into garbage cans in Los Angeles, according to a number of cafe and restaurant owners, who are the principal sufferers.

One restaurant reported a loss of nearly \$40,000 in silverware last year. Some of this was carried away by persons, but most of it was sent to the hog farms near here by way of the garbage can.

Private families are not so heedless of their silverware, it is said, but public eating houses suffer heavy losses because of the carelessness of employees.

A man has entered the business of recovering the lost silverware from the farms, and knives, forks and spoons, bearing the names of the cafes owning them are returned at a small cost.

The Westminster society will hold a bazaar sale in the dining room of the Presbyterian church, Saturday, October 13, at 2 P. M. The Cook Books will also be on sale. —Advertisement.

WANTS TO BUILD GUILLOTINE FOR OWN EXECUTION

Paris — Isidore Hespel, familiarly known as "The Jackal," official executioner of the French penal settlement at Cayenne, French Guiana, is soon to be guillotined himself.

As he has a poor opinion of the skill of the executioner who succeeded him, he has asked to be allowed to erect the guillotine himself for his own execution.

Hespel was appointed executioner after serving a long term of penal servitude. Recently he quarreled with a convict and killed him in a fight.

FIND DIAMOND WORTH \$50,000
London — A large brassy-colored diamond, estimated to be worth \$50,000, has been found in the Vossell mine at Johannesburg. The stone weighs 20 1/2 carats, is of irregular shape, and is of a superb brassy shade.

PIANO MAKER DEAD
Chicago — W. W. Chickering, partner in the firm of Chickering Brothers, piano manufacturers, died yesterday at his home here. He was a grand nephew of Jonas Chickering, manufacturer of the first American piano.

OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, F. D. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. —Advertisement.

Air Travelers Must Have Regular Passports

(By Associated Press)

Vienna — An air traveler in Europe has to get his passport vised for every country over which he may fly, even if he does not intend to land in that country. This measure was found necessary in order to prevent a passenger through accident or forced landing, finding himself in a strange state without the proper documentation.

WOMEN URGED TO ENTER POLITICS

Needed in Legislative Halls Federation Told; Law Enforcement, Plea.

Tomb du Lac — Women in Wisconsin "need a real inside knowledge of legislation by having women elected as senators and assemblymen," Mrs. Louis Kahlenberg, chairman of the legislative committee of the Wisconsin Federation of Women's clubs, declared in her report to the convention of that organization.

"Most women feel that there are laws enough," Mrs. Kahlenberg said, "the great user in each locality who we hope each club will study home conditions and do what they can to improve these conditions. At the last session 449 bills were passed, covering 832 changes in the form of amendments, 282 creating laws or parts of laws, and 182 repeals."

"This same thing will happen every two years, whether women are interested or not, so it is our duty as thinking women to use our influence and our votes for general advancement. We can do more real legislative work by seeing that the right kinds of candidates are elected than by lobbying, but that does not mean that we should not lobby."

"Further, we need a real inside knowledge of legislation by having women elected as senators and assemblymen, but irrespective of party or sex, candidates should be elected who are honest, upright, intelligent, and fearless."

are honest, upright, intelligent, and fearless."

Hard up Collectors Sell Art Treasures to America

London — Art collectors from America have sent more treasures to America since the war than were purchased by Americans during the 20 years previous to 1914. English collectors explain that this is the result of the need for cash which is being acutely felt in England. Many formerly wealthy art collectors are forced to sell their possessions to meet high taxation

and living costs. Art objects to the value of \$10,000,000 were shipped to the United States last year.

JERSILD 10-POINT SWEATERS

YOU'LL say the Pinkerton Knitted Coat is the snappiest looking, handiest garment you ever slipped into! Tailored throughout—so fine-fitting you can wear it for a vest. Ideal for indoors or out—for lounging, sports, work, study or play.

Truly distinctive—knitted by Jersild—tailored by Jersild—finished by Jersild—a coat that keeps its character because of the Pinkerton elastic weave which ends both sagging and bulging and doubles the wear. Your choice of seven heather shades or six solid colors—all styles and sizes for men and boys. Priced all in your favor.

Ask your dealer to show you the new Jersild Brushed Wool Coats. Distinctive—finest quality.

Free Style Book Shows latest knitted outerwear styles. Beautifully colored—a valuable book for everyone. Send your name, address and your dealer's name to the Jersild Knitting Co., Neenah, Wis.

Ask about the Pinkerton 10 Points. And be sure the word Pinkerton (or Jersild) is worked in the label, your guarantee of honest value.

VARSITY CLOTHING & SHOE CO. 8 SOUTH MAIN ST.

You Don't Serve Coffee By the Pound ~ ~

You serve it by the cup—So it's the cost cup for cup that counts.

You pay a few cents more for a pound of Thomas J. Webb Coffee but each cup you serve costs you less than a

cup brewed from lower priced coffees. So much richer in flavor is Thomas J. Webb Coffee that a pound of it goes further—yields many more cups and far more flavor to each cup.

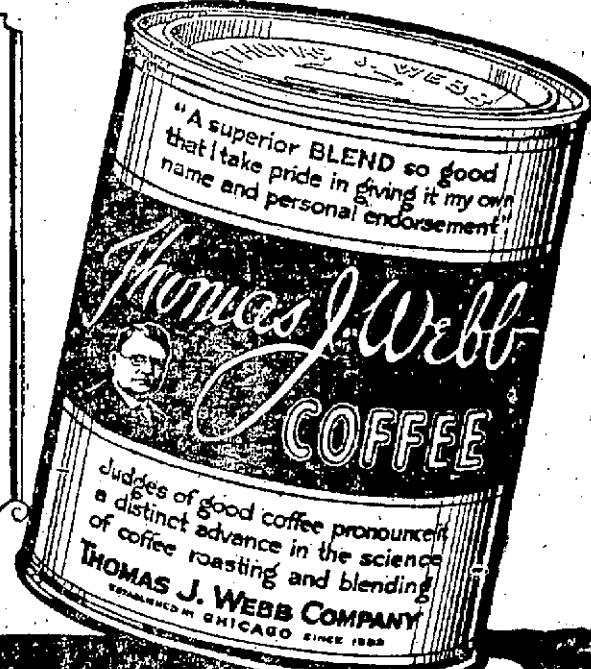

There's Real Economy in Using This Higher Quality Coffee

It Goes Further Because—the following extraordinary precautions have been taken to make it a coffee of far greater flavor and richness—

It Is a Superior Blend—of the choicest and most expensive coffees grown—those known to contain the greatest amount of essential coffee oils—

Sealed in the Roasting—It is roasted in the "live flame"—an original roasting process that quickly seals and holds all the flavor-giving oils in the coffee beans—thus preventing wastage—

Sealed in the Packing—The roasted coffee itself is, in turn, packed and sealed in air-tight, moistureproof tins. This insures freshness of every precious particle, all the way down to the last coffee bean in the tin.

Costs Less per Cup

Building a new house? Then you ought to know about this different wallboard. Best builders are using it in residences—stores—shops. It's fireproof, and it won't warp, shrink or buckle. The carpenter puts it up.

EXAMINATION OF KUFUHL DELAYED

Adjournment Taken Until Oct. 27 Before Justice Williams, Elkhorn.

[SPECIAL TO THE GAZETTE]
Elkhorn.—Adjournment of the preliminary examination of Ernest Kufuhl, Watertown ex-convict, on a charge of being an accessory and accomplice to Mrs. Edward Schaefer in the murder of her husband, will be taken until Oct. 27, when the case is called before Justice Charles Williams in the circuit court rooms here at 10 a. m. Saturday.
Postponement was asked by District Attorney Alfred Godfrey and agreed to by Attorney W. Zabel. Kufuhl is being held in jail in connection with the murder trial next week of Adolph Eckman.
Kufuhl will remain in jail until that time. Attorney Zabel then will attempt to obtain his release on bail.

ANSWERS HOUSEWIFE'S REQUIREMENTS NICELY

There has come in recent years a greater appreciation on the part of housewives of the importance of pure food. Articles in magazines, study of the food subject in women's clubs, lectures by domestic scientists, pure food shows—all these have aided in effecting this desirable result. And with this growing understanding of pure food selection and sanitary preparation has come a better appreciation of the value of Jellie GOOD LUCK Margarine to the housewife; for no product can better answer the requirements of housewives in respect to purity.

GOOD LUCK is made from ingredients of so notably fine a quality as to please the most fastidious. The methods employed throughout the factory in its preparation, as well as those used in marketing it, are likewise sanitary.

On the score of purity, therefore, GOOD LUCK measures up in excellent fashion to the requirements and training of the modern day housewife. It is, in fact, an ideal food for the woman who is bent on protection of the health and welfare of her household. And through this growing understanding of pure food, but there is also another feature in connection with GOOD LUCK that makes its purchase desirable.

All living costs are admittedly high. Next to rent, food bills are the largest single item on the family budget, and like a large slice of anyone's income, no matter how large that income may be. The larger the family the more serious is the problem of high food costs. Here again GOOD LUCK with its modest cost is a relief.

Due in part to large scale production and to modern methods, and in part to the fact that more abundant, and therefore less costly but equally nutritious, fats are used in its manufacture GOOD LUCK is remarkably low in price, and by using it the housewife makes a decided saving.

To take advantage of GOOD LUCK, therefore, is to find a welcome friend with which to cut the cost of good eating. The response of Jellie GOOD LUCK Margarine to the call of modern living conditions makes it the logical choice of any woman for a spread for bread upon her dining table and as a shortening in her kitchen.

Through arrangements made with retail food dealers in every part of the country, it is possible for the housewife to find GOOD LUCK for sale—while strictly fresh—conveniently near her home. In buying it she is assured of a good, undoubted purity and high excellence at a low price.—Advertisement.

Daughter in Hollywood; More Alimony Demanded

Chicago.—Because she believes \$100 a month is not enough to prepare her daughter for a career in the films, Mrs. Helen Bernard, of Los Angeles, appeared before Superior Judge John J. Sullivan Thursday and asked for \$500 monthly alimony

from Elby L. Bernard, who divorced her four years ago. Bernard has sent his wife \$100 a month regularly. It was said, but Mrs. Bernard contends her daughter, Jean, 16, needs more financial assistance in Hollywood.

FRESH HOMEMADE

LATEST MARKET REPORT

MARKETS ARE CLOSED. Most of the markets and stock exchanges were closed Friday, Columbus day. The New York stock list on this page contains Thursday's quotations, held up by Thursday's series reports.

LIVESTOCK

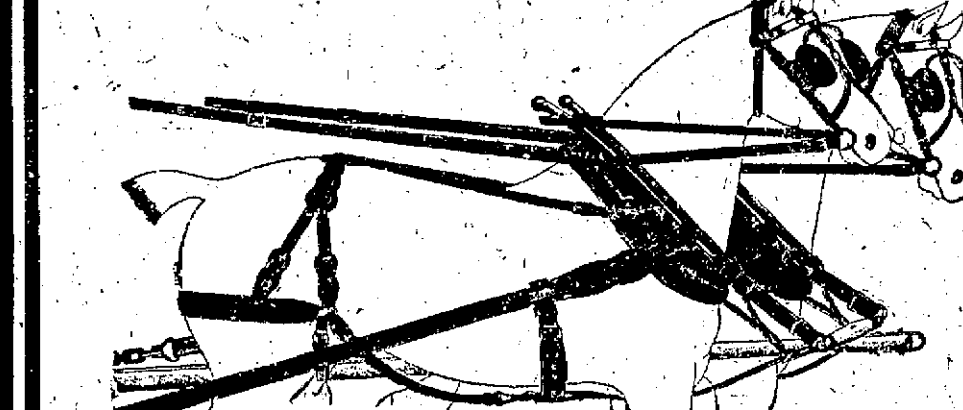

Chicago.—Hogs: 24,000; mostly 10c higher; spots up more; bulk steady; choice \$18.00; top averages \$18.10; \$2.25; top \$2.25; better grades 14.00-17.00; averages mostly \$7.50-8.00; desirable weight slaughter pigs \$5.75-7.50. Cattle: 3,000; moderately active; generally steady; best heavy weight steers \$11.25; few above \$10.00; bulk steers and yearlings \$7.75-10.75; well finished fat cows and heifers scarce; canners and cutters \$2.75-3.00; mostly \$2.50-2.75; stockers and feeders slow; \$3.00-3.50; heavy hogs mostly \$4.50-5.00; stockers and feeders slow; mostly steady; bulk \$11.50-12.00. Sheep: 22,000; steady at 25c lower; fat range mostly \$10.00-11.00; bulk \$11.75; bulk natives \$12.00-13.25; good fed lambs \$13.50; cull natives largely \$9.50-10.00; sheep and feeders \$12.00-13.00; feeding lambs held mostly from \$12.75-13.00. South St. Paul: Cattle: 2,500; killing classes mostly steady; grass fat calves saleable \$10.00-10.50; grass fat calves \$10.00-10.50; canners and cutters \$2.25-2.75; bologna bulls mostly \$3.25-3.75; stockers and feeders bulk \$3.00-3.50; heavy hogs mostly \$4.50-5.00; stockers and feeders slow; mostly steady; bulk \$11.50-12.00. Hogs: 1,500; strong to 10c higher; bulk 200 lbs. down to 7.50-8.00; bulk 200 lbs. up to \$7.50-8.00. Sheep: 1,700; steady to 25c higher.

PROVISIONS

Chicago.—Butter: Weak; 99 cars; Wisconsin bulk and packed round whites, U. S. No. 1, \$1.00-1.20; few \$1.25; poorly graded immatures, 85c-90c. Milwaukee.—Butter: Steady; extras 45c; standards 40c-45c; butters 33c-34c. Eggs: Weak; fresh candied 33c-34c. Poultry: Unchanged. Potatoes: Unchanged. Vegetables: Unchanged. Minneapolis.—Flour: Unchanged to 10c lower; shipments \$4.12-4.15; bran: \$2.50-2.55. Cheese Market: Chicago.—Deli: Dealers in the cheese market here were forced to make further concessions in order to attract business Thursday because of continued pressure to sell and reduce stocks. All styles could be easily obtained at inside figures of the range stated for the day. However, buyers were still not interested beyond immediate requirements, the demand and movement of undergrade cheese that was noted the first part of the week being practically absent Thursday. Cabbage and Potato Market: Milwaukee.—Potatoes: Vaupesa, Wis.—Demand moderate, movement slow; market dull; little change in prices. Carrots delivered, freight only deducted, sacked round whites, U. S. No. 1, mostly 5c per cwt.; warehouse cash to growers, bulk round whites, U. S. No. 1, 65c-70c; other Wisconsin points 65c-68c per cwt. Cabbage: Milwaukee, Wis.—Demand and movement moderate, market unsettled, carloads f. o. b. usual terms; U. S. No. 1 Danish \$1.50 per ton. Rochester, N. Y.—Demand and movement moderate, market steady; 1 1/2-in. Breaching Harness, regular \$40.00, sale price at \$23.00. 1 1/2-in. Breaching Harness, regular \$50.00, sale price at \$35.00. This harness has traces strong enough for road work. 1 1/2-in. Breaching Harness, regular \$55.00, sale price at \$40.00. A very nice harness, made up with steel hames. 1 3/4-in. Breaching Harness, extra heavy and extra good, all brass trimmed, with back bands, regular \$85.00 harness for \$65.00. This harness is made for large horses and for heavy work. 17-in. Draft All Leather Collars, regular \$5.00, sale price at \$3.50. Sizes run from 18-in. to 22-in. 17-in. Draft \$6.00 Collar, best grade, sale price, \$4.50. 1 1/2-in. Breast Straps, 4 1/2 ft. long, regular \$1.00, sale price 50c. 1 1/2-in. Breast Straps, 4 1/2 ft. long, regular \$1.25, sale price 75c. 1 1/2-in. Martingale, double and stitched around neck yoke end, regular \$1.00, sale price 50c. 1 1/2-in. Martingale, \$1.25, sale price 75c.

FRANK SADLER COURT STREET BRIDGE

WALWORTH Screen Talk

Walworth — Mrs. Will Long had the misfortune to fall down stairs Saturday while cleaning house breaking her shoulder blade. Russell Miller will soon move in to his handsome bungalow that is nearing completion. Mr. and Mrs. Clarence Broberg, Kenosha are guests at the home of her parents Mr. and Mrs. Wm. Miller. Mrs. Russell Miller was hostess to a party of little friends Monday her birthday anniversary. Miss Annie Cameron gave an informal coffee on Wednesday p. m. in honor of Margaret Hanson and Downing the birthday anniversary of the two guests. Mrs. Hiram Ingalls, Harvard Road was a caller here Saturday. Mrs. Addie Edmunds and nephew Bert Ingalls were callers Sunday in Zenda at the home of her daughter Mrs. Frank Fellag. Mrs. Elmer Ingalls, Harvard Road was calling here Thursday. The Rebekah Bazaar was held Thursday evening with Mrs. Esther Cunningham. Mrs. Dora Campbell, Hobson, Ill. was calling here Thursday. Mesdames John Boyd, W. B. Morgan, P. B. Downey, James G. Gentry and McCord of Whitewater were Walworth callers Thursday. Mrs. Oscar B. Thomas and Mrs. Clarence Brown motored to Hebron, Ill. Wednesday to attend the church bazaar. The Big Foot Church Bazaar given Tuesday was a wonderful success and well attended by Walworth people. The Parent Teachers Meeting held on Monday night was fairly well attended. Mrs. E. V. McGuire was re-elected President for another year. Friends have received greetings from Mrs. O. P. Thainor who with her husband is in California visiting relatives and friends.

NEAR DISASTER AS AIRPLANE LANDS IN NEW YORK STREET

New York.—Skimming over the surface of Riverside drive at a 70 mile an hour clip, Lieut. Edwin Johnson of Mitchell field, tested a purely successful landing today on a New York city street. It was the first landing of this kind ever attempted here. One wing of the plane was crushed, however, and the propeller damaged when the Sherry Messenger, in which the landing was made, swerved and crashed into a lamp post. The post projected from possible injury a number of the crowd of several thousand who lined the street to watch the attempt, which was made at noon. Lieut. Johnson was uninjured.

Cattle: 5,000; fair to good medium grades, \$6.00-7.25; medium weight butchers, \$6.75-7.15; top, according to quality, \$7.00-7.15; pigs, 10c-12c; hogs, \$5.50-6.10; interior to good pigs, \$7.50-8.40. Local buyers are paying for: Butter, 45c lb.; eggs, 34c doz.; new potatoes, 80c-81.00 bu.; wheat, \$1.00-1.10 bu.; oats, 40c bu.; corn, \$2.25-2.40 ton; hogs, 80c; sheep, 25c-31c; cull skins, 10c; wool, 35c lb.; hay, \$18-20 ton; timothy seed, \$5.00-6.00 cwt.; clover seed, \$15-18 cwt.; barley, \$1.00-1.15 cwt. Sheep: Vendors, aged, \$4.50-7.00; native ewes, fair to best, \$2.50-5.00; yearlings, all grades, \$7.50-10.00; native lambs, medium to good, \$11.50-11.85; feeding lambs, good to best, \$11.50-12.85.

Majorie Daw.

has appeared with Mary Pickford, Douglas Fairbanks and other great stars. As to her childhood, one story says that she is a native of Colorado Springs and was educated at a fashionable girls' school there and another says that the burden of supporting the family fell on her when she was twelve years old and she went into the movies to earn the well known bread and butter. It doesn't matter to us, we're "for her" anyway. MADGE IS LOANED Madge Bellamy, recently starred in "Soul of the Beast" Thomas H. Ince's screen novel, featuring Oscar, the elephant, has been loaned to play the lead in "No More Women," An Associated Authors production which is being filmed at the Ince studios. MADGE KENNEDY RETURNS Madge Kennedy's return to the

screen in "The Purple Highway" is a great success and she will continue to make productions for the screen.

MAY McAVOY STARS A production of the first printing press ever made has been constructed at the Thomas H. Ince studios for several unusual shots in "Her Reputation" Ince's big newspaper story drama which will be released by First National this fall. May McAvoy is starred in the picture which tells the story of a lovely Southern beauty who innocently becomes the victim of a newspaper scandal. SEENA OWEN Seena Owen is being starred in the Whitman Bennett production of "The Leavenworth Case," a screen adaptation of Anna Katharine Green's famous novel. Miss Owen recently completed "Unseeing Eyes" for Cosmopolitan.

Taking a Chance

The driver of a Ford sedan took a chance at a grade crossing a few miles from Cape May the other day. It was an ideal crossing in one respect, the approach of a train could be seen for a mile. This driver saw a train approaching at a fifty-mile speed. Many other persons saw it and shouted warnings to him. But he took the chance, and he and his little son and three other persons died, shockingly mangled by the train, which the engineer could not stop until it had run a mile beyond the point of collision. Seventeen persons were killed and scores injured in New York City and its environs one recent Sunday. There was another horrible catastrophe at Niagara Falls, fourteen persons were killed at railroad cross-

girls to have a modern hotel

Will of New York Merchant Provides for a New York, Hostelry. The latest hotel for working girls, the Webster apartments in New York, to open about November 1, will add another pleasant club house to the number already provided for young business women. This hotel is the gift of the late Charles E. Webster, for many years senior partner of J. L. Macy & Co., whose idea in leaving a large trust fund not only was to build a spacious and adequate club for women whose salaries are small, but to give to that club both the comforts of a well-managed home and the special features of a well-managed club, says the New York Sun. In its large red brick building with its white trimmings, its wide and airy windows, now practically completed, this idea has been carried out. A generous entrance hall opens into a lounging room with fireplace and reading lamps and many windows. Beyond is a larger room for dances, lectures or small private parties. A completely equipped kitchen off this hall makes the serving of buffet lunches and suppers comparatively easy for the girl wishing to entertain inexpensively. Skirting the rear of the ground floor are ten small reception rooms. Sitting rooms on all floors. On each of the third and fourth floors there is a sitting room provided with sewing machines, so that any guest may do her own dressmaking if she desires. The fourth, seventh and eleventh floors are equipped with laundry.

girls to have a modern hotel

On the thirteenth floor is a fully equipped infirmary, with a trained nurse in attendance. Here a resident can have the attention of a specialist for minor ailments without exorbitant charges. A roof garden is being planned and will be open to the guests and their friends next summer. Variety in Reading A list of books selected by a trained librarian for the large library on the second floor will give varied reading matter. This department not only will be provided with several hundred volumes, including popular fiction and the classics, but also will have the current periodicals and newspapers. The dining room in the basement will serve a buffet dinner and a breakfast, cafeteria style. Luncheon will not be served at the club week days unless it is found that the majority of guests prefer to come home at noon. It will be served on Sundays and holidays. The kitchens are equipped with all the latest machinery for freezing ice cream, paring potatoes and other vegetables, cutting meat and drying dishes.

What Motorists From Other States Remember

TO thousands of Wisconsin visitors the pleasures of a tour in this most beautiful and best roaded of states is intensified by a further satisfaction. They remember it for its lakes, for its varied scenic charm, for its highway system—and not least, for the motor fuel that is better than these motorists can get at home. The territory served by

is one of the very few remaining districts in the United States where genuine, straight-run gasoline is even obtainable—outside of drug stores. Here it is the recognized staple motor fuel of the community, consumed in greater quantities than any other brand—outselling because it deserves to outsell. This is a condition not paralleled elsewhere during this day of almost universal motor fuel degeneracy.

Busy Man's Sport Page

By FRANK SINCLAIR

Brooklyn, N. Y.—This is Columbus day, anniversary in honor of the Italian to whom credit is given for discovering the Western Hemisphere. The East has a holiday to celebrate, and while homage is paid the memory of a courageous sportsman for he was certainly that—the Republic might well halt in its every-day pursuits and consider its sport conditions.

THE PROFESSIONAL and the amateur are at odds. The "pro" quit the amateur sport, and the amateur has become a sport. The term of the amateur has not suffered and will spread again, but the public has been made the sport.

THE EVERY scheme that the public has done written at the beginning. Professional baseball and boxing have passed from the ranks of sport to become an industry—a commercial business. Both are in precarious places right now. Prices of admission, in keeping with that which imbues the promoters, have soared to high. The commercial game may keep them in the sky too long. The public commences to stir. Will it awaken?

With the Fighters—Harry Williams, negro heavyweight, knocked out Homer Smith of Kalamazoo in the second of their 15 round bout. Smith took eight knockdowns. Tommy Lehigh of Philadelphia was awarded the decision over Harry Greb, world's middleweight champion, after their 10 round catchweight bout. The title was not at stake—Pinkey Mitchell of Milwaukee outpointed Joe Simonich of Butte, Mont., in their 10 round decision bout. In the opinion of newspaper men.

Pinkey Mitchell won a newspaper decision over Joe Simonich, Mont. in 10 rounds at Milwaukee. Pinkey's home town, Thursday night, Mitchell scored five rounds, Simonich one and four were even. Tony Conley of Chicago, Kalamazoo, Marquette, and Jimmy Muzzey defeated K. G. Mueller in six rounds.

Bob Crivakovich is topping a field of 10 entrants in the western open golf tournament at Memphis with a score of 140 for the two days of qualifying play.

Applinton staged a program of boxing bouts Thursday night, with Gunner Joe Quinn of St. Paul, Minn., and Bob Deane of Chicago, in the eighth round of a 10-round feature event. Quinn hit him with everything in the book, Deane going down for the count of seven in the fourth round.

On the Gravel—Four Big Ten football teams will meet at Evanston, Ill., Saturday afternoon. The Big Ten will send them against each other tomorrow, while five other teams were ready to face non-conference opponents. Indiana will face Northwestern at Indianapolis. Ohio State is ready for Colgate. Michigan is prepared to fight Vanderbilt. Wisconsin is running up against the University of Chicago. The line will face Butler, and Minnesota meets the Haskell Indians. Chicago will be idle.

Parker Pen Girls in Triple Tie

PARKER PEN GIRLS LEAGUE	W. L. Pct.
A. M. Metals	3 1 .750
Knobs	3 1 .750
Moons	3 1 .750
Sacs	3 1 .750
Stars	3 1 .750
N. K. K.	3 1 .750
Stars	3 1 .750
Ears	3 1 .750

American Metals, Knobs and Moons are now on an equal plane at the top of the Parker Pen girls league. The Metals split with the Stars, Knobs beat the Stars straight and the Moons triumphed in their engagement with the N. K. K. K's. The Stars beat the Sacs two straight. The Moons won a 165 and a 275 had the best individual score. The Sacs' high team score with 936, in two games.

PARKER BOWLING ON SCHEDULE

Eleven weeks of bowling, four of which have already been played, are on the Parker Pen league schedule in which 12 games are enrolled. The schedule for the remaining games is as follows:

Office vs. Repairs	Alleys
Piters vs. P. P. Tool Room	3-4
Automatics vs. Duo Grinders	5-6
A. M. Tool Room vs. Sacs	7-8
Office vs. Repairs	9-10
Assembly vs. Grinders	11-12
Office vs. Repairs	13-14

Office vs. Repairs	95-96
Automatics vs. Duo Grinders	97-98
Assembly vs. Grinders	99-100

PLATTEVILLE NORMAL TRIMS MILTON, 13-0

Platteville-Milton college lost the first game of its season here to Platteville Normal, 13 to 0. The college team showed up well on defensive attack, but had a rugged offense that gave it little scoring ability.

BADGER ELEVEN SWING INTO GRID SEASON PROPER

Their preliminary games of last Saturday uniformly successful, Wisconsin colleges and universities take on their second opponents tomorrow with a number of interesting contests looked for by football fans.

At the University of Wisconsin, Coach Jack Ryan issued off today in the hurly burly which looks out his squad through during the early days of the week in preparation for the Michigan Aggie game tomorrow. The Aggie is a college of Wisconsin from their Coe College opponents last Saturday, and with long hard workouts during this week have polished up both their offense and defense which they expect to display to better advantage against the Michigan team.

Taft is still out of the place at football, due to injuries, but it may be that he can get into the Aggie game. Radke has been filling the plugging position well during the last week, and changes in the lineup are looked for.

Marquette-Ripon—Marquette university, which defeated St. Mary's college of Winona, Minn., 23 to 0 last week, will take on Ripon college this Saturday at the local field. Ripon defeated Northwestern college of Watertown 27 to 0 last Saturday. Marquette is expected to find the going rather rough in the coming game, but Head Coach Frank Murray last sport the entire week in polishing up his attack and strengthening the weak spots shown in his defense.

Spots College, which is expected to defeat against Northwestern university 21 to 6, in a hard battle, will take on Carroll college at Beloit tomorrow. Carroll showed a strong forward line in their game with Northwestern, but normal, winning 14 to 7, in a game which showed both teams as certain to develop into strong combinations before the season is much over. The Beloit team is expected to have recovered completely from the pounding received at Northwestern.

Lawrence-La Crosse—Lawrence college of Appleton goes into action against La Crosse normal. Neither team was in action last week, and both are expected to sport Saturday's game to bring out all rough spots in the play of each. Appleton college at Prairie du Chien will be host to the Wisconsin State Institute, which defeated the Third Infantry at Port Stennis, Minn., 49 to 0 in the first game of the season.

The State team showed a driving attack and good defensive play and is picked for a win over the Stevens Point. Stevens Point is expected to play against Platteville normal. Platteville won 6 to 0 in a ragged game, which was a hard fought affair.

Two Conference Games—Perhaps the greatest interest in the west is centered on the outcome of the game between the University of Wisconsin and the University of Iowa. The game will be played at Iowa City, while Northwestern will meet Indiana on the latter's field. A week later Wisconsin will bump up against Indiana at Indianapolis.

All of the other conference teams will be seen in action Saturday afternoon. Chicago which will host for its game with the Purple Oct. 20. The other conference teams will not be playing against each other however. Minnesota, visiting at the University of Wisconsin, will take on the Haskell Indians at Minneapolis. Ohio State is confident of defeating Colgate. Illinois faces Butler. The Michigan team will play at Ann Arbor in what should be a hot battle. Butler defeated Illinois last year and nine of the 11 men of the 1922 squad are playing this year.

Interest in Janesville on the battle at the fair grounds between University high of Madison and Janesville high school. A large crowd is expected.

Games in the East—Tale will meet the University of Georgia at New Haven, Conn. The game is taking on Middlebury at Cam. bridge. The other member of the Big 3, Princeton, will be seen on its own gridiron battling with Georgetown.

Other eastern games will be: Swarthmore vs. Pennsylvania, at Philadelphia; Pittsburgh vs. West Virginia, at Pittsburgh; Cornell vs. Colgate, at Ithaca; Colgate vs. Lafayette vs. Franklin and Marshall, at Easton; Washington and Jefferson vs. Brown, at Washington; Cornell vs. Yale, at Ithaca; Dartmouth vs. Boston U. at Hanover; Syracuse vs. Alabama, at Syracuse; Notre Dame vs. Army at Brooklyn.

High School Contests—Besides the Janesville-University high game here Saturday, other high school games of interest are: Beloit vs. East Madison at Madison; Stoughton vs. Edgerton, at Edgerton; Port Atkinson vs. Jefferson, at Jefferson; Kenosha vs. Sheboygan, at Kenosha; Monroe vs. Rockton, Ill., at Rockton.

High game here Saturday, other high school games of interest are: Beloit vs. East Madison at Madison; Stoughton vs. Edgerton, at Edgerton; Port Atkinson vs. Jefferson, at Jefferson; Kenosha vs. Sheboygan, at Kenosha; Monroe vs. Rockton, Ill., at Rockton.

BRINGING UP FATHER

Ruth's Wallops Bring Back Yank Confidence; World Series All Even

[BY ASSOCIATED PRESS]

New York—Pitchers, always looked upon as the prime factors in contests between leading baseball teams, have been relatively unimportant in the present world series between the Giants and the Yankees. In the first five games, the Yankees have been the aggressors, but shooters of targets for squads of marksmen, and to the marksmen has gone the glory.

The series now stands all even. Giants and Yankees each having won a game. In the first five games, Stengel of Missouri was the master marksmen, his homer in the ninth inning winning the game for the Yankees. Babe Ruth, whose two homers yesterday provided the winning margin for the Yankees, four to two. Ruth's first blow came on the end of his great war club, sailed clear over the stands of the Polo grounds. The second, a terrific fly, flying line drive, sent the ball into the lower right field grandstand and scattered the wooden armchairs of a seat.

Pitching Overshadowed—Compared to such stick work the excellent pitching of Ryan for the Giants and that of Herb Pennock for the Yankees in yesterday's contest sinks into the shadows. Ryan, yet may be an old-fashioned pitcher's duel in the series but with the heavy hitters in form the possibility is remote.

Ruth is the axis about which the Yankees sphere revolves. When Ruth is Ruth, the thing turns perfectly. And Ruth was Ruth yesterday. Whatever confidence the Yankees may have lost in 1922, when they were turned to defeat by the Giants without a single victory, Huggins, the bit of a man who manages them, believe they regained it yesterday through Ruth's performance.

Not and Jones? In the third game today, McGraw probably will send Arthur (Doc) Huggins to the mound. Huggins was thought to be the first choice yesterday but McGraw, always doing the unexpected, decided to hold him until a game was needed. John Scott is next in line after Huggins. Huggins is expected to call "Sad Sam" Jones for pitching duty today. Jones has been taking things easy, as is said to be the first choice yesterday but McGraw, always doing the unexpected, decided to hold him until a game was needed. John Scott is next in line after Huggins. Huggins is expected to call "Sad Sam" Jones for pitching duty today. METHODISTS IN DISTRICT SESSION

Janesville District of Missionary Society. Convenes at Waterloo.

With Mrs. George Jacobs, Janesville, the president, presiding, the 50th district meeting of the Janesville District of the Woman's Missionary Society of the Methodist church opened Friday afternoon at the Methodist church at Waterloo.

A musical program will be followed by a memorial service for the deceased members of the organization, as follows: Mesdames Mary Clithero, George Traver, Lois Swan, William Conaway, Janesville; Mesdames George Wiedick, Mary Stupell, Martha Wright and Miss Mary Tobey, Sharon; Mrs. Holmes, Waukegan; Mrs. Mary Barrett, Beloit; and Mrs. L. B. Royce and Mrs. C. D. Voshurg, Port Atkinson.

Seven From Here

Mrs. George Jacobs will give a report on the meeting at Peoria, Ill., which she attended this week as the district delegate from Janesville. She will also report on the meeting at Waterloo as Mrs. George V. St. Clair, the Rev. and Mrs. F. C. Case, Mrs. F. P. Richards, Mrs. Miss L. Lake, Miss Fannie Bennett in attendance.

Mrs. L. J. Robb, Janesville, will give a demonstration, "Extending the Kingdom."

Mrs. Fred J. Turner, Janesville, district superintendent of the Young People's department, will talk Friday night. Miss Ira Schuler, Port Atkinson, will sing and Miss Elizabeth Rockwood Engel, Appleton, will give a reading. The address will be by Rev. H. C. Logan, Milwaukee, on "Christian Citizenship."

Election is Saturday

There will be a business session Saturday morning and Mrs. W. H. Wones, Milwaukee, conference secretary, Mrs. W. W. Wheeler, Milwaukee, conference treasurer, will give their reports. Election of officers will follow.

Saturday afternoon will be devoted to a quiet hour in charge of Mrs. H. C. Lane, Marshall; children's hour, in charge of Mrs. A. E. Barton, Beloit; Miss Alice P. Starnes, Milwaukee, will talk on the Janesville district jubilee. Miss Dorothy Jones, a missionary from China, will speak.

WHITEWATER

MISS ALICE MARSH.
Phone 222-R.

Whitewater.—The Thursday Sewing club met with Mrs. John Tassin yesterday.

Mr. and Mrs. C. N. Griffith have rented the Midgley home for the winter. Mrs. Midgley and daughters are to spend the winter in California.

The Iron River Construction Co. started to cement Milwaukee street this morning.

Mrs. M. C. Roberts of Elgin, is visiting at C. W. Trantis.

Mrs. Wm. May of Oronville, Minn. is visiting Mrs. Wm. Willie.

H. L. James is visiting his sister, Mrs. C. W. Williams and family in Schoolcraft, Mich.

Mrs. C. S. Brown spent yesterday with her brother, A. E. Smith, who is ill at his home in Palmyra.

Mrs. F. W. Baker and Corine Baker of Madison are visiting Mrs. J. R. Culbert.

Mrs. H. H. Holmes has gone to Beloit to spend a month at the home of her daughter, Mrs. P. W. Niguel.

The Men's club of the Congregational church met last evening in the church parlors. They enjoyed an excellent supper, served by the men of the club. Rev. C. W. Newman, of Harvard, Ill., gave an illustrated lecture on the subject of "The Church of the Future." The lecture was very good. Mr. Newman assisted in putting on the program at the M. E. church a few weeks ago.

Claim Man Gave False Statement

Charged with signing a false statement as to his assets and liabilities in order to secure credit and an extension on credit already given, Carl Sieber, town of Avon, was arraigned before Judge H. L. Maxwell here Thursday afternoon. The case was adjourned to Oct. 19, and Sieber was released in custody of the arresting officer, Constable Frank M. Britt.

The complaining witness, Joseph Fisher, charges that Sieber signed the false statement on Oct. 16, 1922, and says he relied on it in extending him credit.

T. S. Nolan appeared for Sieber.

30 SAILORS FIGHT FOR LIFE IN OPEN SEA AFTER WRECK

(Continued from Page 9)

from the ill-fated vessel by the radio station at the navy yard here. Twenty-five minutes later, what is believed to be the final chapter of the Eborat was received through the air.

"Going down, stern first," The ship's radio operator ended this final appeal for aid by sending out "S. B. S. calls."

BOTTOM DROPS OUT OF ANCHORED VESSEL

Seattle.—The bottom has dropped out of the motor ship Kennecott, which struck Monday night on the rocks near Graham Island, and the vessel is a complete loss, a message states.

STEAMER HURONTON GOES DOWN IN LAKE AFTER CRASH

Sanit Ste. Marie, Mich.—A tug left here this evening with provisions and clothing for men saved from the steamer Huronton, which sank in Whitefish bay Thursday. So far as is known the members of the Huronton's crew were all saved by the steamer Cetus, which had collided with the Huronton and the smoke and fog. The Cetus limped into anchor at Ironquels point. The Huronton, of 8,500 tons, belonged to the Matthews Steamship company of Toronto.

Monroe Firm Gets Juda School Job

Juda, L. S. Wagner and Son, Monroe, Ind., have awarded the contract for building the new Juda high school. The Gazette previously had been informed that all bids were rejected. Construction of the building will be started at once. It is understood the Wagner contract amounts to \$49,380, and heating will cost \$4,500. The total cost will not exceed the bond issue \$50,000.

ST. MARY'S OBSERVES COLUMBUS DAY

Observance of Columbus day was held in the class rooms at St. Mary's school and the Rev. Fr. Francis Finnegan talked. Impromptu programs were given.

SOCIAL EVENTS

(Continued from Page 3.)

Mr. and Mrs. Levy Hosts—Mr. and Mrs. Louis Levy, 630 South Third street, entertained a few friends at dinner Thursday night. The affair was given in honor of Mesdames George Sparling, Thomas Chardon, and M. J. Flannery, Ashland, house guests of Mrs. Anna McNeil, Grand hotel.

Mrs. Jettie Entertainers—Mrs. Kenneth Jettie, 625 St. Lawrence avenue, entertained eight women, members of a club, Thursday night. Luncheon was served at 1 p. m. at the Country club followed by cards at the Jettie home. Mrs. S. S. Seile was awarded the prize.

Attend Milwaukee Party—Mr. and Mrs. Valentine J. Weber and son, Louis, 26 Wisconsin street, and Mrs. J. Zepinski, Madison, Ill., motored to Milwaukee, Friday, to attend a luncheon given by the Marquette Women's league at the Pfister hotel. They will be week-end guests of Dr. and Mrs. H. C. Puggen.

J. J. H. Club Meets—The J. J. H. club was entertained Thursday night at the home of Mrs. Leo Blumk, 108 Cherry street. Mrs. Margaretta Lechow, whose marriage is to take place in the near future was presented with a variety shower.

Bunco was played and a supper served at 10:30 at a table decorated with Halloween favors.

Postponed Meeting—The fall meeting of the Janesville Congregational church, scheduled for last week, has been postponed until Thursday, Oct. 18.

Attend Sisters Wedding—Mr. and Mrs. Arthur Ford, 227 Racine street, have returned home after attending the wedding of Mrs. Ford's sister, Miss Ann O'Connor, and Edward Frubery, Manitowish, which took place last Saturday morning at St. Patrick's church, Mosinee.

Mrs. E. D. Butler, Mosinee, sister of Mrs. Ford, accompanied Mrs. and Mrs. Ford to this city for a few days' visit.

Farwell for Mrs. Moore—Mrs. Harold Taylor, 814 Sherman avenue, entertained at bridge, Thursday night, in farwell courtesy to Mrs. V. F. Moore, 918 School street, who left the city Friday for Milwaukee, where she is to make her home.

At cards, prizes were presented to Mrs. Moore and Mrs. H. K. MacMinn. A special gift was also presented to the guest of honor.

Visitors Honored—Mrs. Charles Tooton, 308 Jackson street, entertained a few friends at a luncheon Thursday. Guests of honor were Mesdames George Sparling, Thomas Chardon and M. J. Flannery, Ashland, seven were guests.

Is at Luncheon—Eighteen women attended the luncheon which Mrs. John M. Whitehead and Mrs. Arthur Harris gave, Thursday afternoon, at the Colonial club. Honor guests were Mrs. Louis M. Robbins and Mrs. Frank Jacobs, Madison.

Agaratum, comas, and larkspur decorated the table which was lighted with lavender candles. Bridge was played at the Whitehead home, 400 Garfield avenue, at four tables. A prize being awarded at each table. Prize winners were Mesdames Louis Robbins, Madison, Edward Peterson, A. P. Burdham and J. L. Wilcox.

Mrs. Williams Hostess—Mrs. L. E. Williams was hostess to a card club, Thursday. A 1 o'clock luncheon was served at the Badger, cafe. One table decorated with garden flowers. Cards were played at the home of Mrs. John Heller, 220 North Jackson street, and prizes were taken by Harry Arthur and Mrs. Jack Nelson.

Miss Nelson, Bayfield, house guest of Mr. and Mrs. Jack Nelson, 523 Milton, avenue, was among the guests.

PERSONALS

Miss Marydell Woodruff, 1102 Olive street, is spending several days in Beloit.

Mrs. Lottie Ellis, Santiago, Cal., is the house guest of Mrs. George Seacraft, 164 South Franklin street.

Mrs. Mary Draper, 103 North Franklin street, has been called to Dubuque, Ia., by the serious illness of her daughter, Mrs. Archie McGinnis.

LAWRENCE TAKES ON LA CROSSE NORMAL

Appleton.—With a big squad rapidly rounding into mid-season form, Coach "Red" Lawrence of La Crosse Normal is preparing to take on the team of the Little Five conference of Wisconsin, which will take the field after a week's layoff, against La Crosse normal at that school's homecoming day attraction at La Crosse Saturday.

La Crosse, always a strong contender in the normal trade, is expected to have one of its strongest teams in this year and the Lawrence mentors are taking no chances.

Except for Goan, regular back, who pulled a tendon in one of his legs, Lawrence, the entire Lawrence squad is physically fit.

MAN WHO NEARLY HIT POLICEMAN PAYS \$2

William H. Cunningham, held on a city charge of reckless driving, was released by the municipal court judge this week on payment of costs, \$2. Cunningham, it was charged, disobeyed Patrolman Patrick Stein's traffic signal and almost ran over the policeman, but it was shown that he had just obtained a new car and was somewhat unfamiliar with it.

MAXFIELD TOURISTS REACH CALIFORNIA

Alvah Maxfield, Janesville, and party of six touring to Los Angeles in a large motor truck equipped with a house, arrived at Albuquerque, N. M., Thursday, and were expected to reach Needles, Calif., on Friday. They will then be only a short distance from their destination. They have been on the road about a month.

CAR CO. HEADQUARTERS

Chicago.—Joseph H. Ames, president of the American Car & Foundry Company of New York, died in his rooms at the Hotel La Salle last night of a cerebral hemorrhage.

Two Cars Stolen—Stolen car reports were received at the police station here Thursday night from Dodgeville, where a 1923 Willys-Knight touring car was taken, and from Rockford, where a 1922 Ford coupe was stolen.

Plant your FALL BULBS now. Janesville Floral Co.

CHAPLAIN OF RED ARROWS HONORED

Pastor Stearns, Milwaukee, "Fighting Parson," Heads Lutheran Circuit.

The Rev. Gustave Stearns, Milwaukee, was elected president of the Milwaukee circuit of the Norwegian Lutheran church at the closing session of the semi-annual meeting at the other Valley church Thursday.

Mr. Stearns, who was chaplain of the 22nd division, and widely known as the "fighting parson," succeeds the Rev. C. C. Thorson, Janesville.

Other officers are Rev. M. V. Kallvorn, Beloit, vice president; the Rev. G. C. Vahlstrom, Oconomowoc, secretary; and the Rev. C. C. Thiesens, Watertown, financial secretary.

The spring meeting will be held in Milwaukee next March.

Edgerton to Meet Stoughton Rivals

Edgerton.—Edgerton's most bitter rival, Stoughton, will appear Saturday for the first big clash on the home gridiron. Both teams have lost to Madison Central, and have secured victories over Milton Union. From a standpoint of "done," a real battle should result. Stoughton will attempt to break the jinx which has cost them three defeats at the hands of Edgerton in two years.

Coach Abundeth ran only last game last Saturday, but came home with a crippled team. Guinness is out for an indefinite period, the result of unnecessary roughness which characterized the Madison Central teams playing. According to Abundeth, Cochrans, Schmidt, and Heller suffered minor injuries which may keep them on the sidelines. Sorin was this week has added Bussey, Ruks and Arnold to the casualty list.

While Edgerton is seriously crippled, it will have the advantage of being in its home field and a good bunch of substitutes who are "havin' to go."

OBITUARY

Funeral at Melville.

Jefferson Young, son of Mrs. Christ Schlegelhauf, was held at St. Peter's Lutheran church at Melville, Friday afternoon. The Rev. Edward C. Schlegelhauf officiating. Burial took place in the Lutheran cemetery at Melville.

Funeral of Bart William Clement.

The funeral of Bart William Clement, 48, will be held at 2:30 Saturday afternoon at the Lutheran church with the Rev. C. C. Thorson officiating. Burial will be in Oak Hill cemetery.

A. D. Lovell, 74.

Sharon.—A. D. Lovell, 74, Sharon, all his life a resident of Watertown, died suddenly at his farm west of Watertown, Friday, October 11, 1923. He was born in Watertown, N. H., and lived most of his life in Sharon, where they have lived for several years after moving from the farm.

His wife, he is survived by a daughter, Mrs. Leola Clement, Madison, two sons, Lypid and Glen, Sharon. Another son died recently in the service of the United States army and one grandson also survives.

Funeral services will be held at the home at 2 p. m., Sunday, the Rev. A. T. Johnson, of the Methodist church officiating. Burial will be in Oakwood.

Charles Johansen, Edgerton.

Edgerton.—Charles Johansen, 59, died at 2 p. m. Thursday, of heart failure at the Moulthrop farm, south of Edgerton, where he was employed. Mr. Johansen was born in Janesville, April 21, 1864, and lived most of his life in Edgerton.

He is survived by one sister, Mrs. Amelia Pointon and a niece, Mrs. Dean Swift, both of Edgerton.

The funeral is to be held at 3:30 Saturday afternoon at the Dean Swift home, with the Rev. E. J. Bailey, Methodist minister, officiating. Burial will be in Fessett cemetery.

Mr. Johansen was a member of the local area of the Fraternal Order of Eagles.

Greve Burial, Jefferson.

Jefferson.—Funeral services for Frank C. Greve, Sr., former resident of the city, who committed suicide by drowning in Lake Park, Milwaukee, last Friday, was held here Friday. Short services were held at the cemetery. Frank Greve, a son, came here from California to take charge.

Damage Suit Is Brought Here on Change of Venue

On a change of venue, the damage suit brought by Carrie Stern, Milwaukee, against Irving S. and Alice M. Bitty has been transferred to the Rock county circuit court. The change of venue was granted on the grounds the defendants are residents of Janesville, Rock county.

While no complaint has yet been given to the court, the litigation is over injuries suffered by the Milwaukee woman in an automobile accident. The car figuring in the accident is owned by Alice Bitty and is said to have been driven by Irving Bitty, a former service man.

An action on a contract was filed by Warren H. Latta against the Fidelity-Union Fire Insurance company. An account suit was started by W. S. Agnew against C. E. Nadelhoffer in the circuit court here.

Fred Bickel's Will Filed, Leaves \$60,000

Few Beloit people figured Fredrick C. Bickel was wealthy but in settling the estate, the heirs paid an inheritance tax of \$1,130 to the Rock county authorities this week. The county court documents show that the wife, Agnes Bickel, received \$31,140, the 16-year old son, Charles, and the 8-year old daughter, \$22,337.

A petition was filed to have an administrator appointed of the estate of Ellen Naugle by the daughter, Rena Naugle, Beloit, the only heir. The papers show \$20,000 in personal property and \$5,000 in real estate, excluding the homestead property.

TEACHERS TO MAKE INDUSTRIAL VISITS

Industrial excursion planned by Beloit teachers. Frank J. Lovick, who annually result in the pupils gaining an insight into the operation of Janesville's leading industries and institutions will be again carried out this year.

Several excursions have already been made to the school for the blind, Samson, Beloit, company, the county farm, and the Rock County State company. Oct. 20, lumber yards, Nov. 1, Parker Park, Nov. 6, and Gazette, Nov. 13.

STEEL HOUSES FOR JAPAN, IS PROJECT

Honolulu.—The devising of earthquake-proof structures is the project of Dr. Thomas A. Jaggar, Jr., government volcanologist at the Kilauea observatory on the slopes of Mauna Kea, island of Hawaii, who has been for Japan to study the effects of the disastrous earthquakes that visited the island empire recently. He suggested that designers might develop an all-steel type which could withstand shock.

WAS TURKEY BECOME CIVILIZED?

(William Stearns Davis in Current History Magazine.)

There is some question as to the "New Turkey" as assured Ottoman population of about 10,000,000 in Anatolia, Stambul and Thrace. Upon these the Kemalists, (a quote a recent Argos decree) will concentrate their efforts to develop the Turkish homeland according to the standards of modern civilization. Mustafa Kemal has good officers, but still better press agents. According to them, Turkey has become overnight almost a Westernized country, with free public education, a constitution, and a free press. Chief Ennah and the five Black Mutes, and with the women rejoicing in all the liberties of their American sisters. In short, we are to believe that Turkey is now a modern nation.

The new editions of New York or Paris, with merely local variations. Is this conceivable? How far has Western liberalism, supported by the mandates of the League of Nations, and the League of Nations, can the New Turkey prove an exception to the rule? Herbert Spencer has stated that the fundamental nature of a social structure can never be changed by any abrupt revolution.

NEW U. B. PASTOR ARRIVES IN CITY

Rev. S. E. Long Will Preach First Sermon Here on Sunday.

The Rev. S. E. Long, newly chosen pastor of the Richards Memorial United Brethren church, has arrived in the city and will preach his first sermon at 11 o'clock service Sunday.

Mr. Long, accompanied by his wife, arrived here Tuesday from Vinton, Ia., where he was pastor of the United Brethren church for the past two years. They are located in the parsonage adjoining the church at Prospect and Milton avenues.

The newest addition to the Janesville clergy is 36 years old and has been 15 years in the ministry. Prior to his pastorate at Vinton, he was at Marshalltown, Ia., for six years, one year in Nebraska, and previous to that at Marion, Ind.

SUN NEVER SETS ON AMERICAN LEGION

Indianapolis.—The sun never sets on the American Legion it was learned after a check had been made on the membership by national headquarters here.

The report showed that the Legion has chartered posts in 17 foreign countries and five territorial possessions of the United States, in addition to the 48 states and the District of Columbia.

With a membership of approximately 500 members, the Mexican department of the Legion leads all other foreign divisions. Posts have been established in Argentina, Brazil, British Isles, Canada, Chile, China, Cuba, France, Germany, Guatemala, India, Japan, Korea, Mexico, New Zealand, Poland and Turkey, as well as in Alaska, Canal Zone, Hawaii, Philippine Islands and Porto Rico.

MORE PAY TO TEACHERS.

Manila.—American ships carried almost one-half of the total foreign trade of the Philippine Islands during the first six months of this year, according to customs house figures.

RELIEF CORP WOMEN GOING TO JEFFERSON

Twenty-four local women are to represent the Janesville branch at the district convention of Women's Relief Corps, to be held Saturday at Jefferson.

The women will leave the city on the 7:45 train on the C. & N. W. railway. Other corps in this district are Milton, Milton Junction, Port Atkinson, Monroe, Oronville, Evansville and Jefferson.

Mrs. L. E. T. Winslow, this city, senior vice president of the district is to preside at the meeting because the president a Jefferson woman, has recently resigned.

Those from Janesville who will attend are: Mesdames Mary and Anna Morse, L. E. T. Winslow, Corn Dickinson, C. E. Lester, Robert Rowley, L. E. and John Lee, Thomas Kneeland, Charles Scholte, Anna Wood, David Clark, George Turner, Spaulding, T. E. Lovell, J. F. Carle, Charles Shoemaker, Charles Davis, Anna Nickerson, H. A. Griffer, George St. Clair, A. D. Foster, George Miller, and George Wright.

KNIGHTS PLAN TO ATTEND INITIATION

A dozen or more Janesville men are planning on attending the Knights of Columbus initiation at Milwaukee Sunday. Six Janesville Knights will be members of the class of 200 or 400 which will be initiated into the fourth degree under the supervision of John E. Kelly, Milwaukee, master of the Wisconsin assembly.

William H. Dougherty, Janesville, will preside at the initiation banquet at 6:30 p. m. Sunday.

The Rev. A. C. Fox, president of Marquette university, will give the invocation and toast will be responded to by John Piffner, Stevens Point; James Graham, former congressman of Illinois; William H. Spohn, who will give the message of the new class; and John P. Martin, Green Bay, supreme director for Wisconsin.

FAVORS AMERICAN SHIPS.

Manila.—American ships carried almost one-half of the total foreign trade of the Philippine Islands during the first six months of this year, according to customs house figures.

OLSON ESCAPES PAROLE OFFICER

Prisoner Enroute to Green Bay Makes Get-Away at Fond du Lac.

Edward Olson, 39, escaped from the state parole officer who had Olson in custody, taking him from Janesville to Green Bay on Thursday, according to information received at the sheriff's office here. Olson managed to elude the parole officer at Fond du Lac.

The manner in which Olson escaped from the officer is not known. He was sentenced to serve 13 months.

The telegram received by the Rock county authorities merely stated Olson had made his get-away.

FOOTVILLE

Footville—Mrs. Sarah Acheson Cochran and niece, Mrs. Barlow, Janesville, visited with Mrs. E. H. Matice, Wednesday.—Mr. and Mrs. S. G. Strang, Janesville, and Mr. and Mrs. Silas Strang, Los Angeles, Calif., motored here Wednesday to visit with Mrs. Harry Walton, who is ill.—George Schumacher, motored to Port Atkinson, Monday.—Miss Madeline Pepper, who is teaching at Alden, Ill., he members of the class of 200 or 400 which will be initiated into the fourth degree under the supervision of John E. Kelly, Milwaukee, master of the Wisconsin assembly.

William H. Dougherty, Janesville, will preside at the initiation banquet at 6:3

RAIN CHECKS FIRE IN NORTH WOODS
James Well Under Control As Showers Lend Aid to Fighters.
Superior—Rain early last night relieved the forest fire situation in the vicinity of Solon Springs, according to E. S. Garvey, town chairman, in charge of the fire fighting forces. The fire is burning over a six acre tract, and is about a mile from the town. National guards are being held in reserve. The fire was raging three miles east of the village up to the time the rain fell, and fear was held out for a group of farm homes. About 25 men from the village were kept busy fighting the flames but without much success, as a 25 mile wind from the north was blowing.
The fire situation near Blueberry and Drute, which was declared dangerous Tuesday, is now well under control and settlers said little danger was expected. At Manitowish, the danger point has been passed, it was said, and the guardsmen are merely patrolling the fire area.
A light rain that fell Thursday evening at Dry Ferry, 22 miles north of Superior, placed the settlement out of immediate danger from fires that had completely surrounded it and practically cut off all communication for three days. No damage was done to any buildings, was learned.
RAIN PROVES GODSEND TO NORTHERN PENINSULA
Ironwood, Mich.—Rain, which proved a godsend to the forest fire fighters, settlers and power plant owners, beating for more than forty-eight hours against flames that have threatened to devastate four counties. The shower, though light, was sufficient further to check the progress of the scattered fires, that in the vicinity of Denby Fire Warden Claude Larson here, there now is but little danger.
According to reports from other areas where fire raged in the brush and woods, fires likewise are effectively checked and virtually all danger is past.
Toll of the fires was the death of a three-year-old child near Calumet, burning over of nearly \$100,000 in loss and extensive timber; slight damage to green standing timber; loss of nearly a hundred head of livestock and destruction of nearly a dozen farm dwellings and barns. No estimate of the total loss in dollars has been made. Fire fighters were returning to their homes today, spent by many hours of desperate toil.
MINNESOTA FIRES ARE REPORTED UNDER CONTROL
St. Paul, Minn.—All brush and forest fires in northern and central Minnesota are reported today as "under control," according to information received by W. T. Cox state forester.
CADET WEEK FOR RURAL NORMALS
Cadet week for Rock county rural normal school students is next week, Oct. 15-19. As is customary the students will carry out cadet observation and practice in various rural schools of the county. They will spend another week in rural schools in the spring, April 21-25. Frank J. Loyth and Ed Jacobson, supervisors of practice, will visit the schools taught by the class of 1923 and cadets.

TRAIL MURDERERS OF RAILROAD MEN AMONG MOUNTAINS
(Continued from Page 1)
13, seventeen miles south of Ashland, Ore., where the holdup was staged.
Mail Clerk Slain.
The mail clerk never had a chance for his life. He barricaded himself in his car and the robbers either threw a fused explosive through a window or set off a blast at the door in an effort to gain entrance. The car was wrecked, mail pouches burst, torn and a stove inside overturned. Fire followed. Whether the mail clerk was burned to death or died of the shock of the explosion cannot be determined. His body was charred beyond recognition. All the mail in the car was destroyed.
The concussion of the blast shattered windows in cars farther back in the train and the flying glass was responsible for the passengers' injuries.
Fumes Add to Horror.
The train emerged from the tunnel running slowly. Because a bridge crew was at work in the neighborhood, the train felt no apprehension when the train slowed down even more. Then several shots were heard. A moment or two later came the explosion. The draft through the tunnel sucked the fumes of dynamite smoke into the tunnel and they seeped into the cars rendering more terrible a situation which already had thrown passengers in some coaches into panic.
Conductor Barrett, who was in charge of the train, attempted to quiet the passengers and then rushed toward the engine, accompanied by another trainman. They found S. L. Bates, 55, Dunsmuir, Cal., the engineer, and Marvin Seng, 23, Ashland, Ore., the fireman, lying beside the engine cab on the ground. Each had been shot through the head and apparently had died instantly.
Posses Are Formed.
Near their bodies lay Coylo O. Johnson, 40, Ashland, a brakeman not on duty, who had been riding on the train. Apparently he had rushed to the engine ahead of the two trainmen and had been shot. He died from the effects of four bullet wounds in his stomach.
The body of the mail clerk, Edwin E. Dougherty, 35, Ashland, was in the burning mail car.
Authorities at Redding, Yreka and Siskiyou, Cal., and Ashland, Ore., immediately were notified and posses were hastily formed, under Sheriff Andrew Calkins of Yreka, Sheriff Terrell of Jackson county, Oregon, and Probation Enforcement Officer S. S. Sander of Jacksonville, Ore. The foot prints of three men, believed to be the bandits, were found leading away from the scene and when the bandits were trailing them over the mountainous territory in the vicinity.

The Original Food-Drink for All Ages. Quick Lactate Home Office & Mountains. Rich Milk, Malted Grain Extract in Powder & Tablet forms. Nourishing—No cooking. Avoid Imitations and Substitutes

SUPT. CALLAHAN WILL BE SPEAKER
State Superintendent John Callahan, Madison, will give the main address at the annual dinner of the county board of supervisors, the county officers when they are entertained Thursday Nov. 15 by the Rock county rural normal school.
Supt. Callahan will talk on "Are the Schools Costing the Taxpayers Too Much Money?"
It will be the 12th time the county board and officers have been entertained at the teachers school, the custom being started with the establishment.
PLAN TO ATTEND BANK INSTITUTE
E. W. Little and Frank Gluckson are among those who will attend the annual convention of the Wisconsin chapter, American Institute of Banking, at Milwaukee, next Monday and Tuesday. Will Canary, cashier of the State Bank of Footville, will attend. The Rock county National bank will send a representative.
Following the convention the Janesville chapter will arrange for a get together banquet and make plans for the winter's work.
Class work probably will start within a week.

HELD FOR FAKE ORDER
New York—Fred Siegel, a salesman, was arraigned before Federal Commissioner Littlecock, charged with using the mails to defraud. It was alleged Siegel, in letters to Morris Wadlow of Buffalo, directed him to ship clothing to the Gray-Neward company of Chicago and other firms. These orders, it was charged, were fictitious.
PAPYRUS IN WORKOUT
New York—Papyrus, winner of the English derby, covered the mile in 1:40 2-5 and the mile and a furlong in 1:54 2-5 without taking a long breath.

TANKS ASK WORK DONE ON OLD H. S.

Want Basement for Tank Storage—School Skating Rink Is Proposed.

Several important questions and suggestions came before the board of education at its monthly meeting at the high school Thursday night, among them a favorable report as to the acquisition of the high school auditorium, a petition from representatives of the tank company in regard to remodeling and repairing the old high school, a new system of school statistics by which all students in the same grade will be required to have a knowledge of certain minimum essentials before being promoted and a preliminary report on the matter of a school nurse. Reports from all committees except the teachers and playground were heard, including a proposal to flood the new athletic field for a skating rink this winter.

Pearl Grimshev, commander of the local tank company, and Lieut. Farlow Eurt, a representative of the federal department, were heard on the question of remodeling and repairing the old high school, now used as an armory. They suggested having a driveway cut in the southwest corner of the building so that the tanks might be stored in the basement. After discussion it was decided that the board had authority to spend funds on the building except for school purposes and suggested that the matter be laid before the city council.

\$1,500 Paid Grounds Rental
The company representatives stated that \$1,500 is being paid to the fair association by the city for the storage of tanks' equipment there. The equipment is the property of the federal government, said Lieut. Eurt, but the state is required to furnish a suitable armory. A thousand dollars has been assured for heating of the building, the men said. The heating plant and plumbing are in need of repair, to the amount of about \$300. Further investigation will be made by the committee before action is taken.

Funds reported were as follows: new high school fund, \$12,608.75; general fund, \$48,528.41. The finance committee reported the following bills paid: Central Scientific Co., \$973; Western Stone Ware Co., \$20.

Skating Rink Proposed

The new high school committee reported that the sodding and grading work on the athletic field has been completed. Expenses reported were \$200 for sodding and other

work and \$7.50 for black dirt. Several commissioners were of the opinion that more dirt should be put on next spring.

A suggestion by the president of the board from Miss Dorothy Kropp that an attempt be made to flood the athletic field for a skating rink this winter was received with much favor and a motion passed that the city be asked to cooperate in flooding it.

The building committee reported that the roof of the Jefferson school has been repaired and that all needed work is finished.

A bill to the Northwestern Furniture Co., Milwaukee, for \$34.50 was ordered paid and \$1,850 of the \$1,922.05 balance to the Northwestern School Supply Co. was also ordered paid.

Acoustics Declined Good
Acoustics of the high school auditorium were discussed following a report of Supt. P. O. Holt, who conducted a test during the concert given by the Victor artists Sept. 26. Seven ushers were stationed in various parts of the room under the balcony and each reported that he could hear perfectly. Mr. Holt stated that he had personally tried several locations himself and could hear well.

To Standardize Requirements
A new plan is being worked out to standardize the amount of knowledge that a child must have in order to pass from one grade into the next. Regular courses of study are being outlined by committees of teachers, which are to contain all information that a child should have when completing a certain year's work. The lists contain all the work to be completed but certain parts which are designated, must be known by the student before he is ready for advanced work. Another advantage of the system will be the systematic review which will be afforded. The minimum essentials of a subject must be mastered before any other work may be done. It is stated that the new system will bring all pupils into the high school with an equal amount of knowledge and on the same footing for their advanced work.

Supt. Holt has investigated the availability of a school nurse but no definite steps have been taken to secure one, as the Red Cross will have charge of the work until November. According to a letter from the state department a nurse must be certified by a state examining committee to be eligible.

RESTAURANT MAN DEAD
Green Bay—Thomas J. Bayle, 64, former superintendent of the Shaver system lunch rooms, affiliated with the Northwestern railroad, is dead here after an illness of 18 months. Mr. Bayle was a restaurant man for 40 years.

Moose Have New Home for Aged

Norton J. Williams, Madison, supreme deputy of the Wisconsin Moose, spoke on fraternalism at a meeting of the local Moose lodge Thursday night, and devoted considerable time to telling about the children's home at Mooseheart, Ill., and Moosehaven, the new home for aged Moose, men and women, at Jacksonville, Fla.

It was decided to stage a membership campaign and William Taylor, William Curran and Clarence Zerv were appointed as a committee to arrange for a smoker and lunch next Thursday night. Women of Mooseheart Legion chapter 477 are planning a Halloween party and catered supper for next Tuesday night. A number of the Moose will go to Beloit Saturday to attend the quarterly frolic of the Forward Legion, which will be featured by a parade, initiation ceremonies and a banquet.

Woman Sub Hits Maples for 214

Teams captained by Garthright and King were victorious Thursday night in the Lions club bowling league. The Garthright's beat Wilcox' team three straight, and King's quintet took two of three from Bridges' outfit.

The score of the evening was the scoring of a 214 in one game by Miss Kasmarek, who was filling in in the absence of Ed Hyzer. Unfortunately for Bridges' team, only 150 is allowed. Garthright's team had the high scores with an 817 and a 2,023.

CENTER
Center.—The West Center school will have a school fair which will be held Friday evening, Oct. 15th. Work of the children will be exhibited. After the program there will be stunts. A lunch will be served.

Mr. and Mrs. Hans Harnack spent Wednesday in Beloit, calling on Mrs. J. Koppin who is at Memorial Hospital. She is getting along fine. Mrs. Will Schroeder and daughter called on Arthur Schroeder Wednesday enroute on their way home in Iowa. Mrs. Lloyd Dehs was an Evansville, shopper one day last week.

Wear our Phoenix Silk Hose and travel in fine luxury and wise economy, plain or fancy. Prices from \$1.25 to \$4.00.

WHITEWATER'S TWO WINNING BANDS

Whitewater High School band.

Whitewater City band. Director Adams at extreme left.

Climaxing a highly successful season, in which they have demonstrated they are two of the finest musical organizations in Wisconsin, the Whitewater City and High School bands won first honors in the southern Wisconsin band tournament held two weeks ago in Edgerton.

Credit for the success of the bands is largely due to the Rev. Allan Adams, pastor of the Methodist church at Whitewater, who has given unstintingly of his time; the enthusiasm shown by the players and the wholehearted support given the bands by the city of Whitewater.

A series of 14 concerts were given the past summer by the city band under the auspices of the city council, and large crowds were drawn to Whitewater each Wednesday night. Milton Junction engaged the band for a series of five concerts on Saturday nights in August and September, and the large audiences evidenced their appreciation of the opportunity to hear real music. Other engagements were filled at Palmyra, Gousses, Elkhorst, East Troy, and Gousses.

The band will give a musical program in Janesville Oct. 17, at the opening meeting of the Methodist Brotherhood.

The story of the band development

In Whitewater has been told in the Gazette before. The high school band is growing and the quality of music is improving. It had as its competitors at Edgerton the high school bands of Edgerton, Evansville and Janesville.

Whitewater now regrets the resignation of the Rev. Mr. Adams as director of the city band. Mr. Adams feels that it should be taken over by someone else after doing four years of pioneer work in its development. He is being retained until the right man for the job is found.

The members of the Whitewater City band in the picture are as follows:

Howard Pollock, piccolo; Lawrence Kitzman, clarinet; Noel Winn and Ronald Coburn, clarinet; Kenneth Pollock, clarinet; Dean Coburn, alto saxophone; Charles Kitzman, solo cornet; H. Fowley, solo cornet; Leslie Loomer, cornet; George Crumb, alto; Walter Watson, alto; Adolph Suetvett, baritone; Maurice Rockwell and Clifford Marshall, trombone; King Rockwell and Harlow Smith, tuba; Harold Lean, snare drum; George Ankomeus, bass drum; E. Wian, cornet; J. Wian, trombone; E. Luedke, trombone; L.

INVESTIGATION CLOSES IN FOG OF UNCERTAINTY

(Continued from Page 1)

gation when we do not guarantee the entire bill of \$500 to \$600," declared City Attorney Cunningham. "I knew, full well if this bill is put through, the county board will refuse to pay its fair share—if our experiences of the past have any bearing, as to what we may expect in this case."

Attorney William H. Dougherty then raised the issue that further investigations should be made by competent authorities who "were without a trace of interest or suspicion of interest in the case."

"Certainly the city of Janesville has an interest in this case," declared Dougherty. "The city should have had a competent man over there inspecting that building."

City Interested?

"The city should have given proper inspection to this matter five and six months ago and what is more, the city should be the first one to insist that this investigation be carried through to a point where it is not a 'fiasco'." He does not want the state to make the tests for them, have a decided interest in the outcome, nor do we want the owners, the architects or the contractor to take part in the tests. They also have interests."

"This inquest becomes a ridiculous farce unless it is done right and this jury is presented with more evidence. One man was killed, and there might have been 500 or 600 killed. Here was a building going up in the city of Janesville into which the public was to be invited generally. Certainly the city has an interest in that building being put up in a safe manner," stated Dougherty.

There was a heated discussion between Dougherty and Cunningham.

"My hands are tied until the county board meets," chimed in District Attorney S. G. Dunwiddie, admitting that much of Dougherty's contentions were well founded.

All the jurymen were questioned and indicated that they could not make a decision and would not uncover further evidence had been presented.

"I was prepared to make a decision until Engineer Dowling testified," declared Fred. Blakely, a member of the jury, and this appeared to be the sentiment of the others.

Another Adjournment

The authorities will attempt a solution of the issue on who will foot the bill, and present the plan to the corner and to the jury next Tuesday morning.

The testimony was closed Wednesday when C. Muehlstein was recalled to the stand. He declared that the block of concrete which was a part of one of the anchorages block was not properly tamped or "puddled" and went over some of his previous testimony.

Questioned as to the stopping of the erection of the Rock county livestock pavilion, Muehlstein declared he did not remember all the circumstances, but recalled that steel columns were required in this structure "because of wind pressure." The pavilion walls were not one half as high as were those on the Sax building and the roof of ordinary construction, not a three inch concrete slab, and that state in this instance demanded steel columns for supports.

T. S. Willis, the contractor, was recalled and declared that as he read the Chicago Building code, the Sax building would not have been permitted.

"As I read the code, 12-inch walls were not sufficient and the pillars would have had to have been at least eight inches thicker," said Willis, in contradiction to the testimony of F. M. Wilcox, a member of the Industrial commission, that "the building was sufficient under either the Wisconsin or Chicago codes."

As the inquest now stands, the theory advanced by the state engineers, that the concrete anchorage block, stated to be improperly set in a wedge shape, has been sharply disputed by many witnesses, including famous engineers.

Too Many Theories

Most of the witnesses have agreed that there was a slipping or side play of the truss on the bearing plate, caused either by improper design of the truss to carry the excessive or added weight of the pent house, located on the angle of the first truss, numbered three, and the west and south wall.

The important question now to determine is whether there was a flaw in the truss itself or the weight was too heavy for the bearing surface.

John B. Cowling, Chicago, a national building expert, declares that, first, the wreck might have been caused by poor material, and second, poor design.

Every witness thus far really competent to testify has declared that the truss design could have been improved upon to support the load. Most of the witnesses declared that the plans were insufficient and it is generally admitted that there was no proper supervision or inspection of the work.

and all agree that had the supporting columns when they were would not have been a collapse.

So many different theories have been injected into the investigation that the jury is plainly "up in the air" as to fixing the responsibility.

Dubious.

"What do you know about this past?"

"Just enough to make me suspicious about his present," replied the other girl, examining closely the lines he had given her.—Boston Evening Transcript.

Fleas Are Left to Face World Alone, in Snub by Parliament

London.—Performing fleas on the English stage—in fact all fleas whose lives are consecrated to the drama—must go through their acts without the possibility of protection in the case of maltreatment.

This slight to the fleas is contained in an anti-flea clause of the government's new Performing Animals Bill which has passed the committee stage in the House of Commons.

When the question was debated, it was decided that reptiles and fish should be included, but fleas must fight their battles alone. An amendment was carried to this effect.

The real reason for the discrimination was that the difficulty of using the flea as evidence.

Railroads Earn 4.94 Per Cent on August Reports

The Class One railroads, according to reports filed by 192 roads, representing a total mileage of 232,554 miles, earned net operating incomes totaling \$28,281,500 in August, equivalent to an annual basis to a return of 4.94 per cent on their tentative valuation as fixed by the Interstate Commerce Commission for rate making purposes, including additions and betterments up to January 1, 1923.

In the Eastern district, the rate earned was 5.16 per cent; the Southern district, 5.35 per cent; and the Western district, 4.60 per cent. These figures are based on reports filed by the carriers with the Interstate Commerce Commission and compiled by the Bureau of Railway Economics.

In August last year, the same carriers earned a net operating income of \$21,475,400, which was at the annual rate of return of 2.64 per cent. In July this year their net operating income was \$24,591,400, or 4.93 per cent. In considering the earnings of the Class One carriers in August, account must be taken of the strike of railway shopmen, which began on July 1 last year, at which time the coal miners' strike was also in progress.

Reports filed with the Interstate Commerce Commission show that sixteen Class One railroads operated at a loss in August, of which six were in the Eastern district, two in the Southern district, and eight in the Western district. The Class One carriers in August

had operating revenues totaling \$501,456,700, and increase of \$88,602,950, or about 19 per cent, over the same month last year, while their operating expenses amounted to \$124,761,400, an increase of \$39,559,990, or 19 per cent, over August last year.

The net operating income of the Class One railroads for the first eight months this year represented an annual rate of return of 5.40 per cent on their tentative valuation amounting in dollars to \$625,624,000, compared with \$466,447,100, or 4.11 per cent, for the same period in 1922. This was an increase of \$159,177,900 over the first eight months last year. In the Eastern district for the first eight months the rate of return was 5.15 per cent, or \$493,944,000; the Southern district, 6.34 per cent, or \$66,677,800; and the Western district 4.23 per cent, or \$159,112,400.

Ban on Women Smokers in Colorado Penitentiary

[BY ASSOCIATED PRESS.]

Denver.—Female prisoners in the Colorado state penitentiary are no longer permitted the pleasure of smoking within the walls of the institution, according to Warden Thomas Tynan. The male prisoners are to be allowed to continue the use of the weed, however.

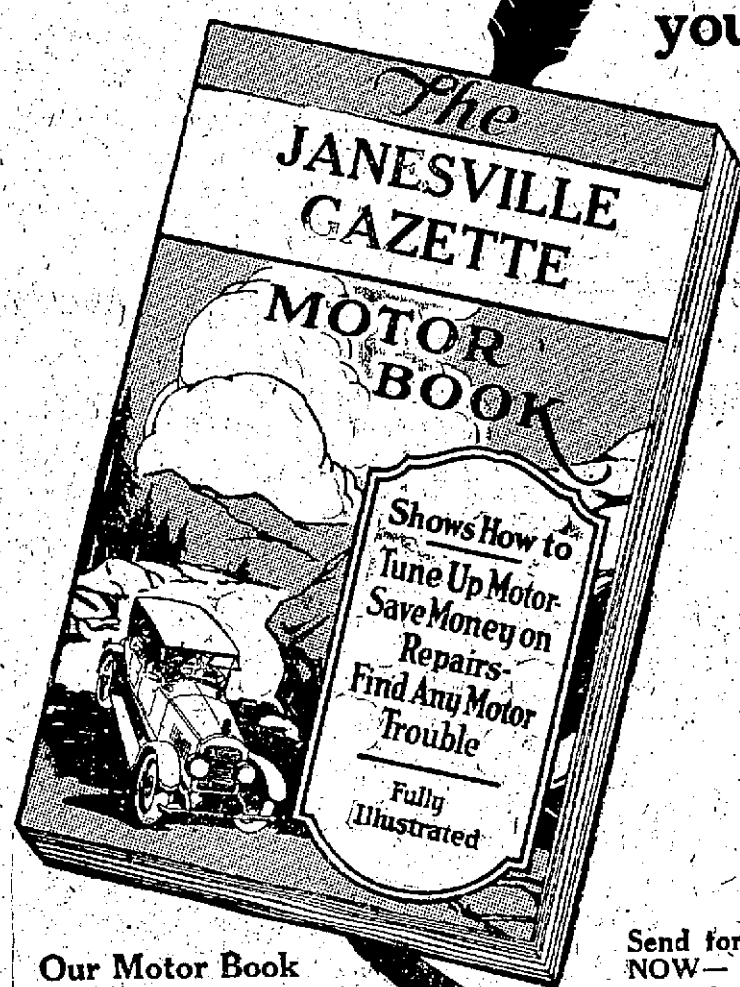

In answer to protests against his action, Warden Tynan said: "It doesn't look well to see women smoke. If they want to smoke, let them keep out of the penitentiary."

Four-fifths of the women inmates of the Colorado penitentiary smoke, according to statements made by investigators. A regular tobacco ration is issued to the male prisoners.

Do you know—

- (1) How to find any motor trouble in a few minutes—not hours?
- (2) How to keep your motor tuned up?
- (3) How to eliminate delays on road due to engine trouble?
- (4) How to locate where knocks, squeaks and noises come from?
- (5) How to prevent the engine overheating during warm weather?
- (6) How to use Gears, Clutch and Brakes properly?
- (7) What care to give the Ignition System, Gasoline System, Steering Gear, Brakes, Clutch, Transmission and Springs?
- (8) How to drive your car for two or three years yet not require to spend a dollar on overhauling the engine?
- (9) What care to give your car to prevent troubles developing?
- (10) How to keep your car out of the repair shop and on the road?

HANDY POCKET SIZE—100 pages—147 illustrations

Our Motor Book has been written for us by Mr. E. H. Scott, the noted automobile engineer whose articles on the care of the car appear each week in our columns. In this wonderful book he gives you inside information, only known to the most expert mechanics.

The kind of motor book you have always wanted

For years the need has been felt by thousands of motorists for some simple, practical, non-technical book that would explain in words and language you can understand, just how to look after your car so as to get the maximum of service at the minimum of expense. A lot of theory about the internal working of an engine is not worth a nickel to you. Our new Motor Book tells you all you need to know—how to keep your car on the road and out of the repair shop—how to get the most miles out of a gallon of gasoline—how to get long tire mileage—how to care for every part of your car.

Gives skill of expert

The instructions given in this wonderful little book are so clear, simple and fully illustrated, that the merest novice can follow them without the slightest trouble.

The leading automobile engineers all over the country have given this book their endorsement, and many have expressed the opinion that they consider it the most valuable and helpful book of instructions on the care of the car ever written for the motorist who takes care of his own car.

NORTHWESTERN IS 75 YEARS OLD

First Train, Pioneer Limited,
Ran Out of Chicago in
October, 1848.

Celebration of the seventy-fifth anniversary of the C. & N. W. railroad is taking place this month with all men now on the pension rolls or in the service a little less than 50 years as guests of the president, W. H. Finley, in Chicago, on a date to be fixed later. In the year of 1848, the first locomotive, the Pioneer, was placed on the rails out of Chicago, and the Chicago & North Western railway began its operating career.

Repair St. Paul Table.
Extensive repairs are being made to the turntable at the C. M. & St. Paul roundhouse on South Pearl street. A gang of steel workers are here with their special tools and work train and will hoist the turntable out of the pit within a few days time to replace the center bearings. A new circular track is being installed and new wheels are being placed on the table. While the table is taken out the engines will have repairs done outside of the shop. The crew which is working on this job have their own bunk cars in which they live and move from job to job. A special tool car and a derrick is included in the train.

Electric Lines Success.
The electrified lines of the C. M. & St. Paul R. R. are proving most successful. Over 750 miles have been electrified on the Seattle to Chicago division. An analysis of the schedule for the month of July, this year, shows all trains on time with the exception of three. One was 15 minutes late, one 27, and the other 35 minutes late, from Seattle to Chicago. Running repairs are made on these trains.

BRUIN COMES TO GRIEF IN RAIDS
Sofia.—The carcass of the largest bear killed within the memory of present inhabitants of Bulgaria was brought triumphantly into Vutisha, almost within sound of the cathedral bells of Sofia, by a party of peasants recently.

For more than three weeks the animal had raided flocks and spread terror throughout the countryside. No obstacle seemed to trouble the bear, which had broken down fences and climbed high walls in its raids, during which it carried off 37 sheep, cattle and goats and defied the herdsmen.

Reinforced by soldiers, the villagers set out in pursuit of the beast, which was not overcome, however, before it had badly mauled two of the hunters.

Mons to Send Monolith for N. Y. Tri-Centennial
Brussels.—A monolith of Solignac stone, containing Belgian earth taken from the site of the monument to native heroes in the great war, will be the contribution of Hainaut province to the tri-centenary celebrations of the founding of New York, which have been tentatively set for 1926. This was announced at Mons, following a meeting of the Provincial Council of Hainaut, at which the necessary credits were voted.

Out of the Mouths of Babies.
"Look, mamma!" exclaimed 3-year-old Elsie at the zoo when she saw a snake for the first time. "See the tail with a head on one end!"

Spanish Olive Oil Scarce Due to Export Ban

Why a scarcity of Spanish olive oil exists in the United States at the present time is explained by Frederic J. Haskin, director of the Gazette Information bureau, in response to an inquiry from a Gazette reader.

"While there is some Spanish oil on the market, there is not nearly so much as there was during the war," says Mr. Haskin. "When France and Italy were at war they exported almost no oil, and Spain seized the market. So much oil was exported that the Spanish people were deprived to a great extent and the Spanish government put an embargo on its exportation."

"Gradually some oil has been admitted to export, but with France and Italy in the market again the quantity of Spanish oil is relatively small. However, the export of Spanish oil to this country at present has quadrupled the amount previous to the war."

To the request of one writer who asks that Mr. Haskin give him the words to "Yes, No, Have No Fear," the bureau replies with the suggestion that the inquirer purchase a copy of the song.

Physiognomists say that low forehead indicates that the individual is lacking in vision but has an abundance of energy. Mr. Haskin writes in answer to another question. Such people are generally industrious and plodding workers.

Another inquirer is given information on the fare to England and hotel rates in that country.

Free information booklets were distributed by the Gazette bureau during the week ending Oct. 4 as follows:

**100 WAYS
To Make Money**
By BILLIE WINNER
If I Could Design Monograms—

MONOGRAMS expressing individuality are always in good form. In fact, the vogue for monogrammed stationery, business cards, and the like, is steadfast.

Monogrammed linens, handkerchiefs, or silver, to be attractive, must be designed by an expert. A clumsy curve may mar the entire effect. If I could design monograms, I would use the best taste, and know how to express individuality in each case. I would have all such work I could handle almost overnight.

I would use the best salesman possible to advertise my ability and sell my designs. Each day this salesman would talk business to the people of Janesville, Wisconsin. My salesman would be a Janesville Gazette ad attractively written in the classified advertising section of the paper.

RECTOR FINDS WAR HATREDS ARE ALIVE

(BY ASSOCIATED PRESS)
London.—It is too soon to expect the end of racial antipathies engendered by the war, in the opinion of the rector of a small town in Norfolk. He recently learned a lesson that was pointed and conclusive.

Wanting to embellish a war memorial in the town with some carved figures, the rector took it upon himself to order the work done. In due time the figures arrived and were installed.

Then the trouble began, for it was learned that the figures had been carved in Germany. A storm of indignation broke upon the head of the rector. He appealed to his church superiors for support, which was not forthcoming, and then retired as gracefully as might be from his impossible position.

TEAM RUNS HOME.
Dolvan.—The team owned by Frank Rosenberns made a lively run Wednesday after a load of coal had been delivered to the state school. They went directly home. Mr. Rosenberns following in a car.

LEVY'S

The Home of The OVERCOAT

It's the Quality That Determines the Value!

BUY a good Overcoat because the quality is high, even if the price is low. Here are Overcoats that are not just a purchase at a price, but a possession of pride for every man who wears one.

When it comes to price, there's really very little difference in the cost of a good Coat and an inferior one—but, oh, what a difference in style, in fabric and in workmanship—and in value.

Let our stock and prices tell their story. Featured at

\$35

Others \$22.50 to \$65.00

SEE THEM IN OUR WINDOW

HERE are Ulsters developed in sturdy Meltons, Kerseys, Shetland and Tweeds. Some with Raglan shoulders and belted effects with plaid backs—all combining style, comfort and quality at reasonable pricings which make them unusual values at our unusual prices.

Period Furniture

Is An Investment in Futurity

Good modern adaptions of period styles will live forever. Period furniture has a background of real artists who wrote their poems into the graceful curve of a cabriole leg or painted their pictures into the delicate tracery and carving of a fine table.

The modern copies of these fine old styles that we are showing carry that same "humanity" that characterized the furniture making of a hundred or more years ago.
